

Therefore, the USPTO estimates that the total postage cost for this collection is 15,124 per year.

There is also annual nonhour cost burden in the way of filing fees associated with this collection. The petitions to cancel and the notices of

opposition and appeal have filing fees. There are no filing fees for the remaining items in the collection. The filing fees for the petitions to cancel, notices of opposition, and notices of appeal are per class of goods and services in the subject application or

registration; therefore the total filing fees can vary depending on the number of classes. The total filing fees of 2,438,100.00 shown here are the minimum fees associated with this information collection.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent Trial and Appeal Board (PTAB or Board) is established by statute under 35 U.S.C. 6. This statute directs that PTAB "shall on written appeal of an applicant, review adverse decisions of examiners upon applications for patent and shall determine priority and patentability of invention in interferences." PTAB has the authority, under pre-AIA sections of the Patent Act, i.e., 35 U.S.C. 134, 135, 306, and 315, to decide ex parte and inter partes appeals and interferences. In addition, 35 U.S.C. 6 establishes the membership of PTAB as the Director, the Deputy Director, the Commissioner for Patents, the Commissioner for Trademarks, and the Administrative Patent Judges. Each appeal and interference is decided by a merits panel of at least three members of the Board.

Two of the Board's responsibilities under the statute include the review of ex parte appeals from adverse decisions of examiners in those situations where a written appeal is taken by a dissatisfied applicant, and the administration of interferences to "determine priority" (or decide who is the first inventor) whenever an applicant claims the same patentable invention that is already claimed by another applicant or patentee. In inter partes reexamination appeals, PTAB reviews examiner's decisions adverse to a patent owner or a third-party requestor.

PTAB's opinions and decisions for publicly available files are published on the USPTO Web site.

There are no forms associated with these items. However, they are governed by rules in Part 41. Failure to comply with the appropriate rule may result in dismissal of the appeal or denial of entry of the paper.

The USPTO is adding an existing information requirement, the Petitions to the Chief Administrative Patent Judge, into this information collection. This requirement is currently covered under information collection 0651-0072 America Invents Act Section 10 Patent Fee Adjustments. At the time of the publication of the USPTO rulemaking, "Setting and Adjusting Patent Fees" (RIN 0651-AC54), the petitions to the Chief Administrative Patent Judge were not covered by any existing information collection request, so it was included in the 0651-0072 submission because the fee associated with this petition was affected by the rulemaking. As part of this renewal, the USPTO is moving this information requirement into this collection because it is associated with the activities covered by this collection. However, only the information requirement and the non-fee burden for the petitions will be moved into 0651-0063. The fee will remain in 0651-0072.

II. Method of Collection

By mail, hand delivery, or facsimile when an applicant files a brief, petition,

amendment, or request. These papers can also be filed as attachments through EFS-Web.

III. Data

OMB Number: 0651-0063.

Form Number(s): None.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households, businesses or other for profits, non-profit institutions, and the Federal Government.

Estimated Number of Respondents: 34,537 responses per year. The USPTO estimates that approximately 25% (8,634) of these responses will be from small entities. The USPTO also estimates that approximately 93% (32,119) of the briefs, requests, petitions, and amendments will be filed electronically.

Estimated Time per Response: The USPTO estimates that it takes the public approximately 2 to 32 hours to complete this information, depending on the complexity of the request. This includes the time to gather the necessary information, prepare the brief, petition, and other papers, and submit the completed request to the USPTO. The USPTO calculates that, on balance, it takes the same amount of time to gather the necessary information, prepare the brief, petition, and other papers, and submit it to the USPTO, whether the applicant submits it in paper form or electronically.

Estimated Total Annual Respondent Burden Hours: 858,683 hours per year.

Estimated Total Annual Respondent Cost Burden: \$334,027,687 per year. The USPTO expects that all of the information in this collection will be prepared by an attorney. Using the professional hourly rate of \$389 for attorneys in private firms, the USPTO estimates that the total respondent cost burden for this collection is \$334,027,687 per year.

Estimated Total Annual Non-hour Respondent Cost Burden: \$48,239 per year. There are no maintenance, operation, capital start-up, or recordkeeping costs associated with this information collection. However, this collection does have annual (non-hour) costs in the form of postage costs. There are also filing fees for the appeal briefs and the petitions to the chief administrative patent judge, but these fees are not included in the annual

(non-hour) cost burden for this collection. These fees are covered instead under 0651-0072 America Invents Act Section 10 Patent Fee Adjustments.

The briefs, petitions, and other papers may be submitted by mail through the United States Postal Service. The USPTO expects the items in this collection to be mailed by Express Mail using the flat rate envelope, which can accommodate both the varying

submission weights of these submissions and the various postal zones. Using the Express Mail flat rate cost for mailing envelopes, the USPTO estimates that the average cost for sending these submissions by Express Mail will be \$19.95 and that approximately 2,418 may be mailed to the USPTO.

The USPTO estimates that the total postage cost for this collection will be \$48,239 per year.

Item	Responses	Postage cost	Total postage cost
