Funding Opportunity Title: SP-14-001.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243.

Justification: Eligibility for this award is limited to CADCA. The purpose of this cooperative agreement is to provide training and technical assistance for thousands of members of community coalitions dedicated to preventing substance abuse through a national leadership conference. CADCA is the only national organization that has special expertise and unique broad, national-level experience in working with community anti-drug coalitions. For more than 18 years, coalitions and coalition leadership have turned to CADCA to obtain the assistance they need to implement, operate, and sustain effective local community anti-drug strategies. The CADCA will take advantage of the resources of multiple agencies located throughout the federal, state and local governments, philanthropies, and universities to bring the best available knowledge, information, and technology to local community anti-drug coalitions working to prevent and reduce drug use among the youth of America. CADCA is the only identified organization with the required experience and national reach to over 5,000 identified anti-drug coalitions across the country. CADCA has long been recognized in communities as well as states throughout the nation as the national voice for the advocacy and technical support of anti-drug coalitions. As such, it is uniquely qualified and positioned to carry out the requirements of this announcement.
