

SDOT will also conduct visual monitoring and underwater acoustic monitoring for mitigation and research purposes.

Reports will be submitted to NMFS at the time of request for a renewal of the LOA, and a final comprehensive report, which will summarize all previous reports and assess cumulative impacts, will be submitted before the rule expires. This LOA will be renewed based on review of the annual monitoring report and provided that NMFS makes the required findings.

Dated: November 12, 2013.

Helen M. Golde,

Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Transmittal Nos. 13-59]

36(b)(1) Arms Sales Notification

AGENCY: Defense Security Cooperation Agency, Department of Defense.

ACTION: Notice.

SUMMARY: The Department of Defense is publishing the unclassified text of a section 36(b)(1) arms sales notification. This is published to fulfill the requirements of section 155 of Public Law 104-164 dated July 21, 1996.

FOR FURTHER INFORMATION CONTACT: Ms. B. English, DSCA/DBO/CFM, (703) 601-3740.

The following is a copy of a letter to the Speaker of the House of Representatives, Transmittals 13-59 with attached transmittal, policy justification, and Sensitivity of Technology.

Dated: November 13, 2013.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEFENSE SECURITY COOPERATION AGENCY
201 12TH STREET SOUTH, STE 203
ARLINGTON, VA 22202-5408

NOV 08 2013

The Honorable John A. Boehner
Speaker of the House
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 13-59, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Romania for defense articles and services estimated to cost \$457 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

J. W. Rixey
J. W. Rixey
Vice Admiral, USN
Director

Enclosures:

- 2. Policy Justification
- 3. Sensitivity of Technology

Transmittal No. 13-59
Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended
(i) Prospective Purchaser: Romania
(ii) Total Estimated Value:
Major Defense Equipment* \$101 million
Other 356 million
TOTAL 457 million
(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase: Weapons, equipment, and support for 12 F-16 MLU Block 15 aircraft that will be procured through a third party transfer

from Portugal. Articles and services will include:
13 Embedded Global Positioning Systems/Inertial Navigation Systems (EGPS/INS) with GPS Security Devices, Airborne
3 AN/ALQ-131 Electronic Countermeasure Pods
30 AIM-120C Advanced Medium Range Air-to-Air Missiles (AMRAAM)
5 AIM-120C Captive Air Training Missiles (CATMs)
60 AIM-9M Sidewinder Missiles
4 AIM-9M CATMs
48 LAU-129 Launchers
10 GBU-12 Enhanced Guided Bomb Units

18 AGM-65H/KB Maverick Missiles
4 AGM-65 CATMs
15 Multifunctional Information Distribution System/Low Volume Terminals
2 Multifunctional Information Distribution System Ground Support Systems
Also included are spare and repair parts, support equipment, tanker support, ferry services, repair and return services, software development/integration, test and equipment, supply support, personnel training and training equipment, publications and technical data, U.S. Government and contractor

technical services, and other related elements of logistics and program support.

(iv) *Military Department: Air Force (QAH)*

(v) *Prior Related Cases: None*

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.*

(vii) *Sensitivity of Technology: See Attached Annex.*

(viii) *Date Report Delivered to Congress: 08 Nov 2013*

*as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Romania—Weapons, Equipment, and Support for F-16 Block 15 MLU Aircraft

The Government of Romania has requested a possible sale of weapons, equipment, and support for 12 F-16 MLU Block 15 aircraft that will be procured through a third party transfer from Portugal. Articles and services will include:

- 13 Embedded Global Positioning Systems/Inertial Navigation Systems (EGPS/INS) with GPS Security Devices, Airborne
- 3 AN/ALQ-131 Electronic Countermeasure Pods
- 30 AIM-120C Advanced Medium Range Air-to-Air Missiles (AMRAAM)
- 5 AIM-120C Captive Air Training Missiles (CATMs)
- 60 AIM-9M Sidewinder Missiles
- 4 AIM-9M CATMs
- 48 LAU-129 Launchers
- 10 GBU-12 Enhanced Guided Bomb Units
- 18 AGM-65H/KB Maverick Missiles
- 4 AGM-65 CATMs
- 15 Multifunctional Information Distribution System/Low Volume Terminals
- 2 Multifunctional Information Distribution System Ground Support Systems

Also included are spare and repair parts, support equipment, tanker support, ferry services, repair and return services, software development/integration, test and equipment, supply support, personnel training and training equipment, publications and technical data, U.S. Government and contractor technical services, and other related elements of logistics and program support. The estimated cost is \$457 million.

The proposed sale will contribute to the foreign policy and national security of the United States by helping to improve security of a NATO ally which continues to be an important force for political stability and economic progress. The proposed sale of weapons, equipment, and support for the

transferred F-16s will support Romania's needs for its own self-defense and enhance the interoperability of these aircraft with those of the U.S. and other NATO nations.

The proposed sale will support the Romanian Air Force's (RoAF) efforts to equip and utilize the 12 F-16 aircraft it is procuring from Portugal. These aircraft will provide the RoAF with a fleet of modernized multi-role combat aircraft. This proposed sale of weapons, equipment, and follow-on F-16 support will enable Romania to support both its own air defense needs and coalition operations. The RoAF will have no difficulty absorbing these systems into its armed forces.

The proposed sale of this follow-on support will not alter the basic military balance in the region. The principal contractors will be:

- Elbit Systems of America Fort Worth, Texas
- Pratt and Whitney East Hartford, Connecticut
- BAE Systems Inc. Arlington, Virginia
- Lockheed Martin Corp. Fort Worth, Texas
- Northrup Grumman Aerospace Systems Redondo Beach, California
- ViaSat Inc. Carlsbad, California
- Data Link Solutions LLC Cedar Rapids, Iowa
- Snap-On Inc. Kenosha, Wisconsin
- Booz Allen Hamilton Engineering Services, LLC McLean, Virginia

There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of additional U.S. Government or contractor representatives to Romania.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 13-59

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AIM-9M-8/9 Sidewinder Missile includes the following advanced technology: Active Optical Target Detector (AOTD), Gyro Optics Assembly within the Guidance Control Section (GCS), Infrared Countermeasures (IRCM), Detection and Rejection Circuitry, and a reduced smoke rocket motor. The equipment/hardware, software, and maintenance are classified Confidential. Manuals and technical documents are classified Secret.

Performance and operating information is classified Secret.

2. The LAU-129 Guided Missile Launcher is capable of launching the AIM-9 family of missile or AIM-120 Advanced Medium Range Air-to-Air Missile (AMRAAM). The LAU-129 launcher provides mechanical and electrical interface between missile and aircraft. There are five versions produced strictly for foreign military sales. The only difference between these launchers is the material they are coated with or the color of the coating.

3. The AIM-120 AMRAAM is a radar-guided missile featuring digital technology and micro-miniature solid-state electronics. The AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic countermeasures, and interception of high- and low-flying and maneuvering targets. The AMRAAM All Up Round (AUR) is classified Confidential, major components and subsystems range from Unclassified to Confidential, and technical data and other documentation are classified up to Secret.

4. The GBU-12 (500 lb) is a laser guidance kit and tail assembly for general-purpose bombs (MK-82). The hardware is Unclassified and the ballistics are Confidential.

5. AGM-65 Maverick: The AGM-65 air-to-ground missile hardware is Unclassified, but has an overall classification of Secret. The Secret aspects of the Maverick system are tactics, information revealing its vulnerability to countermeasures, and counter-countermeasures. Manuals and technical documents that are necessary for operational use and organizational maintenance have portions that are classified Confidential. Performance and operating logic of countermeasures circuits are Secret.

6. The Multifunctional Information Distribution System-Low Volume Terminal (MIDS-LVT) is an advanced Link-16 command, control, communications, and intelligence (C3I) system incorporating high-capacity, jam-resistant, digital communication links for exchange of near real-time tactical information, including both data and voice, among air, ground, and sea elements. MIDS-LVT is intended to support key theater functions such as surveillance, identification, air control, weapons engagement coordination, and direction for all services and allied forces. The system will provide jamming-resistant, wide-area communications on a Link-16 network among MIDS and Joint Tactical Information Distribution System (JTIDS) equipped platforms. The MIDS/LVT and

MIDS On Ship Terminal hardware, publications, performance specifications, operational capability, parameters, vulnerabilities to countermeasures, and software documentation are classified Confidential. The classified information to be provided consists of that which is necessary for the operation, maintenance, and repair (through intermediate level) of the data link terminal, installed systems, and related software. Group A provision only will be transferred initially.

7. EGI LN-260: The Embedded GPS-INS (EGI) LN-260 is a sensor that combines GPS and inertial sensor inputs to provide accurate location information for navigation and targeting. The EGI LN-260 is Unclassified. The GPS crypto variable keys needed for highest GPS accuracy are classified up to Secret.

8. The ALQ-131 is a pod-mounted Receiver/Processor that detects, analyzes, identifies and prioritizes threat radars for effective jamming. The Receiver/Processor is a wideband, frequency agile super heterodyne receiver with a self-contained processor for signal sorting and threat ID. It provides the jammer with power management while look-through maximizes jammer effectiveness. It has been a standard jamming system for USAF and 11 other countries.

9. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar advanced capabilities.

10. A determination has been made that the recipient country can provide the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security

objectives outlined in the Policy Justification.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2013-OS-0216]

Privacy Act of 1974; System of Records

AGENCY: Defense Health Agency, DoD.

ACTION: Notice to amend nineteen Record Systems.

SUMMARY: The TRICARE Management Activity (TMA) transitioned to the Defense Health Agency (DHA) effective October 1, 2013. The Defense Health Agency is now realigning the System of Records Notices (SORNS) to the Defense Health Agency's compilation of Privacy Act SORNS. The realignment of the nineteen system identifiers reflect the new numbering system that will be used by the Defense Health Agency.

DATES: This proposed action will be effective on December 19, 2013 unless comments are received which result in a contrary determination. Comments will be accepted on or before December 18, 2013.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* Federal Rulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

* Mail: Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, 2nd Floor, Suite 02G09, Alexandria, VA 22350-3100.

Instructions: All submissions received must include the agency name and docket number for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public

viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Linda S. Thomas, Director, Defense Health Agency Privacy and Civil Liberties Office, Defense Health Agency Headquarters, 7700 Arlington Boulevard, Suite 5101, Falls Church, VA 22042-5101, or by phone at (703) 681-7500.

SUPPLEMENTARY INFORMATION: The Defense Health Agency notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy and Civil Liberties Office Web site <http://dpcl.o.defense.gov/privacy/SORNS/component/osd/index.html>. The proposed amendments are not within the purview of subsection (r) of the Privacy Act (5 U.S.C. 552a), as amended, which would require the submission of a new or altered system report for each system. The specific changes to the record systems being amended are set forth below.

Dated: November 12, 2013.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Defense Health Agency

How Systems of Records Are Designated

In the Department of Defense (DoD), systems of records are grouped by the DoD Component responsible for that system and its system of records notice. Each DoD Component has an assigned letter denominator for systems of records for which it is responsible. The Defense Health Agency, which was established on October 1, 2013, is assigned 'E' as its letter denominator.
