response from the foreign government.\textsuperscript{3} Because the Department received no responses from the GOC and respondent interested parties, the Department is conducting an expedited (120-day) sunset review of the CVD order on laminated woven sacks from the PRC pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2).

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.\textsuperscript{4} Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. The revised deadline for the final results of this sunset review is November 14, 2013.

Scope of the Order

The merchandise covered by this order is laminated woven sacks which are bags or sacks consisting of one or more plies of fabric consisting of woven polypropylene strip and/or woven polyethylene strip, regardless of the width of the strip; with or without an extrusion coating of polypropylene and/or polyethylene on one or both sides of the fabric; laminated by any method either to an exterior ply of plastic film such as biaxially-oriented polypropylene (BOPP) or to an exterior ply of paper that is suitable for high quality print graphics. A full description of the scope of the order is contained in the Decision Memorandum, which is hereby adopted by this notice.\textsuperscript{5}

Analysis of Comments Received

All issues raised in this sunset review are addressed in the Decision Memorandum. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy likely to prevail if the order was revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic System (IA ACCESS). IA ACCESS is available to registered users at http://trade.gov/enforcement/ and in the Central Records Unit in room 7046 of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at http://enforcement.trade.gov/frn/. The signed Decision Memorandum and electronic versions of the Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 752(b)(1) and (3) of the Act, the Department determines that revocation of the CVD order on laminated woven sacks from the PRC would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

<table>
<thead>

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

The Department is issuing and publishing these final results and this notice in accordance with sections 751(c), 752(b), and 777(i)(1) of the Act. Dated: November 12, 2013.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE
International Trade Administration
Renewable Energy and Energy Efficiency Advisory Committee

AGENCY: International Trade Administration, U.S. Department of Commerce

ACTION: Notice of an open meeting.

SUMMARY: The Renewable Energy and Energy Efficiency Advisory Committee (RE&EEAC) will hold a meeting on December 3, 2013. The meeting is open to the public and the room is disabled-accessible. Public seating is limited and available on a first-come, first-served basis.

DATES: December 3, 2013, from 9:00 a.m. to 5:00 p.m. Eastern Standard Time (EST). Members of the public wishing to attend the meeting must notify Ryan Mulholland at the contact information below by 5:00 p.m. EST on Wednesday, November 27, 2013, in order to pre-register for clearance into the building. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted, but may be impossible to fill.

ADDRESSES: The meeting will be held at the U.S. Department of Commerce, Room 4830, 1401 Constitution Avenue NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Ryan Mulholland, Office of Energy and Environmental Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482–4693; email: ryan.mulholland@trade.gov. This meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to OEEI at (202) 482–4693.

SUPPLEMENTARY INFORMATION: Background: The Secretary of Commerce established the RE&EEAC pursuant to his discretionary authority and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.) on July 14, 2010. The RE&EEAC was rechartered on June 18, 2012. The RE&EEAC provides the Secretary of Commerce with consensus advice from the private sector on the development and administration of programs and policies to enhance the international competitiveness of the U.S. renewable energy and energy efficiency industries. The December 3, 2013 meeting of the RE&EEAC will consist of presentations from four subcommittees—Finance, U.S. competitiveness, trade policy, and trade promotion—on each subcommittee’s work thus far, particularly a

Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that diffusion-annealed, nickel-plated flat-rolled steel products (certain nickel-plated, flat-rolled steel) from Japan are being sold in the United States at less than fair value, as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The estimated weighted-average dumping margins are listed in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination.

Pursuant to requests from interested parties, we are postponing for 60 days the final determination and extending provisional measures from a four-month period to not more than six months. Accordingly, we intend to make our final determination not later than 135 days after publication of this preliminary determination in the Federal Register.

DATES: Effective Date: November 19, 2013.

FOR FURTHER INFORMATION CONTACT: Dena Crossland or David Cordell, AD/CVD Operations, Office 6, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3362 or (202) 482–0408, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The diffusion-annealed, nickel-plated flat-rolled steel products included in this investigation are flat-rolled, cold-reduced steel products, regardless of chemistry; whether or not in coils; either plated or coated with nickel or nickel-based alloys and subsequently annealed (i.e., “diffusion-annealed”); whether or not painted, varnished or coated with plastics or other metallic or nonmetallic substances; and less than or equal to 2.0 mm in nominal thickness. For purposes of this investigation, “nickel-based alloys” include all nickel alloys with other metals in which nickel accounts for at least 80 percent of the alloy by volume.

Imports of merchandise included in the scope of this investigation are classified primarily under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7212.50.0000 and 7210.90.6000, but may also be classified under HTSUS subheadings 7210.70.6090, 7212.40.1000, 7212.40.5000, 7219.90.0020, 7219.90.0025, 7219.90.0060, 7219.90.0080, 7220.90.0010, 7220.90.0015, 7225.99.0090, or 7226.99.0180. The foregoing HTSUS subheadings are provided only for convenience and customs purposes. The written description of the scope of this investigation is dispositive.1

Tolling of Deadlines for Preliminary Determination

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.2 Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. The revised deadline for the preliminary determination of this investigation is now November 8, 2013.

Methodology

The Department has conducted this investigation in accordance with section 731 of the Act. Export prices have been calculated in accordance with section 772 of the Act. Normal value has been calculated in accordance with section 773 of the Act. Because one of the selected mandatory respondents, Nippon Steel & Sumitomo Metal Corporation, failed to respond to the Department’s questionnaire, we have preliminarily determined to apply adverse facts available to this respondent.

For a full description of the methodology underlying our conclusions, see Decision Memorandum for Preliminary Determination of the Antidumping Duty Investigation of Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Initiation of Antidumping Duty Investigation, 78 FR 23905 (April 23, 2013).

2 See Memorandum for the Record from Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Deadlines Affected by the Shutdown of the Federal Government” (October 18, 2013).
