7 CFR Part 319

[Docket No. APHIS–2012–0042]

RIN 0579–AD69

Importation of Fresh Beans, Shelled or in Pods, From Jordan Into the Continental United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Final rule.

SUMMARY: We are amending the fruits and vegetables regulations to allow the importation of commercial shipments of fresh beans, shelled or in pods (French, green, snap, and string), from Jordan into the continental United States. As a condition of entry, the beans must be produced in accordance with a systems approach that includes requirements for packing, washing, and processing. The beans must also be accompanied by a phytosanitary certificate attesting that all phytosanitary requirements have been met and that the consignment was inspected and found free of quarantine pests. This proposed action was intended to allow for the importation of fresh beans, shelled or in pods, from Jordan into the continental United States while continuing to provide protection against the introduction of plant pests.

We solicited comments concerning our proposal for 60 days ending July 1, 2013. We did not receive any comments. Therefore, for the reasons given in the proposed rule, we are adopting the proposed rule as a final rule, without change.

Note: In our May 2013 proposed rule, we proposed to add the conditions governing the importation of beans from Jordan as § 319.56–59. In this final rule, those conditions are added as § 319.56–62.

Executive Order 12866 and Regulatory Flexibility Act

This final rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with the Regulatory Flexibility Act, we have analyzed the potential economic effects of this action on small entities. The analysis is summarized below. Copies of the full analysis are available on the Regulations.gov Web site (see footnote 1 in this document for a link to Regulations.gov) or by contacting the person listed under FOR FURTHER INFORMATION CONTACT.

The Small Business Administration’s small-entity standard for U.S. farms that produce fresh beans is annual receipts of not more than $750,000. In 2007, the average market value of sales by the 15,654 U.S. farms that produced snap beans for the fresh market was about $25,400, well below the small-entity standard.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

Executive Order 12988

This final rule allows fresh beans, shelled or in pods, to be imported into the United States from Jordan. State and local laws and regulations regarding fresh beans imported under this rule will be preempted while the fruit is in foreign commerce. Fresh beans are generally imported for immediate distribution and sale to the consuming public and would remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. No retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the information collection or recordkeeping requirements included in this final rule, which were filed under 0579–0405, have been submitted for approval to the
Office of Management and Budget (OMB). When OMB notifies us of its decision, if approval is denied, we will publish a document in the Federal Register providing notice of what action we plan to take.

E-Government Act Compliance
The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this rule, please contact Mrs. Celeste Sickles, APHIS’ Information Collection Coordinator, at (301) 851–2908.

List of Subjects in 7 CFR Part 319
Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we are amending 7 CFR part 319 as follows:

PART 319—FOREIGN QUARANTINE NOTICES

1. The authority citation for part 319 continues to read as follows:

2. A new § 319.56–62 is added to read as follows:

§ 319.56–62 Fresh beans, shelled or in pods, from Jordan.

Fresh beans (Phaseolus vulgaris L.), shelled or in pods (French, green, snap, and string), may be imported into the continental United States from Jordan only under the conditions described in this section. These conditions are designed to prevent the introduction of the following quarantine pests: Chrysodeixis chalcites, Helicoverpa armigera, Lampides boeticus Liriomyza diversispora, Maconellicoccus hirsutus, Phoma exigua var. diversispora, and Spodoptera littoralis.

(a) Packinghouse requirements. The beans must be packed in packing facilities that are approved and registered with Jordan’s national plant protection organization (NPPO). Each packing box must be marked with the identity of the packing facility.

(b) Post-harvest processing. The beans must be washed in potable water. Each bean pod must be either cut into chevrons or pieces that do not exceed 2 centimeters in length, or shredded or split the length of the bean pod. Split or shredded bean pod pieces may not exceed 8 centimeters in length and 8.5 millimeters in diameter.

(c) Commercial consignments. The beans must be imported as commercial consignments only.

(d) Phytosanitary certificate. Each consignment of fresh beans must be accompanied by a phytosanitary certificate issued by Jordan’s NPPO attesting that the conditions of this section have been met and that the consignment has been inspected and found free of the pests listed in this section.

(Approved by the Office of Management and Budget under control number 0579–0405)

Done in Washington, DC, this 13th day of November 2013.

Michael C. Gregoire, Acting Administrator, Animal and Plant Health Inspection Service.

NUCLEAR REGULATORY COMMISSION

10 CFR Part 95

[NRC–2011–0268]

RIN 3150–AJ07

Facility Security Clearance and Safeguarding of National Security Information and Restricted Data

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule; confirmation of effective date.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is confirming the effective date of October 21, 2013, for the direct final rule that was published in the Federal Register on August 7, 2013. This direct final rule updated the NRC’s regulations to standardize the frequency of required security education training for employees of NRC licensees possessing security clearances so that such training will be conducted annually consistent with the objectives of Executive Order 13526, Classified National Security Information. In addition, this direct final rule allowed licensees flexibility in determining the means and methods for providing this training, established uniformity in the frequency of licensee security education and training programs, and enhanced the protection of classified information.

DATES: The effective date of October 21, 2013, is confirmed for this direct final rule.

ADDRESSES: Please refer to Docket ID NRC–2011–0268 when contacting the NRC about the availability of information regarding this document. You may access publicly-available information related to this document using any of the following methods:

• Federal Rulemaking Web site: Go to http://www.regulations.gov and search for Docket ID NRC–2011–0268. Address questions about NRC dockets to Carol Gallagher; telephone: 301–287–3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the FOR FURTHER INFORMATION CONTACT section of this document.

• NRC’s Agencywide Documents Access and Management System (ADAMS): You may access publicly available documents online in the NRC Library at http://www.nrc.gov/reading-rm/adams.html. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov.

• NRC’s PDR: You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: On August 7, 2013 (78 FR 48037), the NRC published a direct final rule that amended its regulations in § 95.33 of Title 10 of the Code of Federal Regulations. The direct final rule amendments required NRC licensees (or their designees) to conduct classified
