The information is also combined with data obtained from the Bureau of Alcohol, Tobacco, Firearms, and Explosives on appeals of denied applications and arrests for falsified documents. The Bureau of Justice Statistics uses this information in published reports and in responding to queries from the U.S. Congress, Executive Office of the President, state officials, researchers, students, the media, the general public, and others interested in criminal justices statistics.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 761 responses at 25 minutes each.
