DEPARTMENT OF DEFENSE

Department of the Air Force

Intent To Grant an Exclusive Patent License

Pursuant to the provisions of Part 404 of Title 37, Code of Federal Regulations, which implements Public Law 96–517, as amended; the Department of the Air Force announces its intention to grant the University of Michigan, a land-grant educational institution duly organized, validly existing, and in good standing in the State of Michigan, having a place of business at 503 S. State St., Ann Arbor, MI 48109, an exclusive, with respect to future sublicensees, license to practice the invention in any right, title and interest the Air Force has in:

The Air Force intends to grant a license for the patent and pending applications unless a written objection is received within fifteen (15) calendar days from the date of publication of this Notice. Written objection should be sent to: Air Force Materiel Command Law Office, AFMCLO/JAZ, 2240 B Street, Rm D–14, Wright-Patterson AFB, OH 45433–7109; Facsimile: (937) 255–3733.

Henry Williams,
DAF, Acting Air Force Federal Register Liaison Officer.

Department of the Army

[Docket ID: USA–2013–0031]

Submission for OMB Review; Comment Request

ACTION: Notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by December 26, 2013.

FOR FURTHER INFORMATION CONTACT: Fred Licari, 571–372–0493.

SUPPLEMENTARY INFORMATION:

Title. Associated Form and OMB Number: Automated Installation Entry (AIE) System; OMB Control Number 0702–TBD.

Type of Request: New Collection.
Number of Respondents: 29,385.
Responses per Respondent: 1.
Annual Responses: 29,385.
Average Burden per Response: 3 minutes.
Annual Burden Hours: 1,469 hours.

Needs and Uses: The information collection requirement is necessary to verify the identity of an individual and determine the fitness of an individual requesting and/or requiring access to installations, and issuance of local access credentials. The information collection methodology involves the employment of technological collection of data via an electronic physical access control system (PACS) which provides the capability to rapidly and electronically authenticate credentials and validate the individual’s authorization to enter an installation. Affected Public: Business or other for-profit; individuals or households.
Frequency: On occasion.
Respondent’s Obligation: Required to Obtain or Retain Benefits.
OMB Desk Officer: Ms. Jasmeet Seehra.

Written comments and recommendations on the proposed information collection should be sent to Ms. Jasmeet Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, docket number and title for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at http://www.regulations.gov as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Patricia Toppings.

Written requests for copies of the information collection proposal should be sent to Ms. Toppings at WHS/ESD Information Management Division, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350–3100.

Dated: November 19, 2013.

Aaron Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

[Docket Number DARS 2013–0046]

Information Collection Requirement; Defense Federal Acquisition Regulation Supplement; Administrative Matters

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice and request for comments regarding a proposed extension of an approved information collection requirement.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection under Control Number 0704–0225 for use through January 31, 2014. DoD is proposing that OMB extend its approval for use for three additional years.

DATES: DoD will consider all comments received by January 24, 2014.
**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers (Corps), Huntington District will prepare a supplemental Environmental Impact Statement (EIS) to disclose potential impacts to the natural, physical, and human environment resulting from modifications to Bluestone Dam. The original EIS was published in 1998 and a Record of Decision (ROD) was signed in 1999 concluding the NEPA process allowing the Corps to initiate implementation of the Bluestone Dam Safety Assurance (DSA) Project. When completed, the current modifications under construction will strengthen the dam’s stability and allow for increased discharge capacity through the use of hydropower penstocks substantially reducing risk. However, physical modeling and expert analysis conducted during project construction has indicated the downstream bedrock is vulnerable to an unacceptable degree of erosion during high flow events. The Corps has also recognized potential for unacceptable erosion associated with overtopping of areas of the dam not designed to be overtopped. After a full consideration of alternatives, this supplemental EIS will recommend additional modifications to address such risks and to achieve acceptable risk levels.

**DATES:** A public scoping meeting will be held on December 5, 2013.

**FOR FURTHER INFORMATION CONTACT:** Andrew N. Johnson, Environmental Analysis Section, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701–2070. Telephone: 304–399–5276. Electronic mail: BluestoneDamPublicComments@usace.army.mil. Requests to be placed on the mailing list should also be sent to this address.

**SUPPLEMENTARY INFORMATION:**

1. **Authority:** Investigation and justification for dam safety modifications at completed Corps of Engineers projects is authorized under Section 2033 of the Water Resources Development Act of 2007 (Pub. L. 110–14).

2. **Background:** a. Guidance for this study is provided in USACE Engineer Regulation (ER) 1110–2–1156 (October 2011). This guidance details agency policy and procedures for the study and implementation process addressing dam safety issues.

b. Bluestone Lake is a multipurpose component of the Kanawha River basin system which provides for flood control, recreation, power development, low flow augmentation, and fish and wildlife enhancement. The project began operation in 1949 and helps control a 4,565 square mile drainage area.

c. The ROD, signed in 1999, completed the NEPA process for the DSA project permitting the Huntington District to begin detailed design and
