(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: City, county, state, tribal, and federal law enforcement agencies. (5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* UCR Participation Burden Estimation: There are approximately 18,000 law enforcement agency respondents; calculated estimates indicate five minutes per submission. UCR Form Pretesting: There are approximately 300 respondents; calculated estimates indicate one hour per pretest.

(6) *An estimate of the total public burden (in hours) associated with this collection:* There are approximately 1,800 hours, annual burden, associated with this information collection.

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authorization for the ETA to conduct the Employer Survey of Short-Time Compensation (STC). The STC Program provides an opportunity for employers to reduce layoffs by temporarily reducing work hours of some employees. STC provides prorated unemployment insurance benefits for workers whose hours of work have been temporarily reduced. Middle Class Tax Relief and Job Creation Act of 2012 section 2164 requires the Secretary of Labor to survey employers in all States to determine employers' level of interest in participating in the STC Program. This proposed information collection activity will help satisfy this requirement. More specifically, the study this survey supports will examine employers' experiences, awareness, and perspectives of the STC Program in four states that have an active STC program. Employers who have used the STC program and employers who have not used the program will be surveyed. The study will focus on the following four research areas: (1) Characteristics of employers participating in the STC Program; (2) extent of employer participation in the STC Program; (3) employers' awareness, experiences, and views of the STC Program; and (4) employers' opinion about workers' view of STC.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on August 7, 2013 (78 FR 48199).
