

ACTION: Final rule.

SUMMARY: The Copyright Royalty Judges announce a cost of living adjustment (COLA) of 1% in the royalty rates satellite carriers pay for a compulsory license under the Copyright Act. The COLA is based on the change in the Consumer Price Index from October 2012 to October 2013.

DATES: Effective Date: January 1, 2014.

Applicability Dates: These rates are applicable to the period January 1, 2014, through December 31, 2014.

FOR FURTHER INFORMATION CONTACT:

LaKeshia Keys, Program Specialist. Telephone: (202) 707-7658. Email: crb@loc.gov.

SUPPLEMENTARY INFORMATION: The satellite carrier compulsory license establishes a statutory copyright licensing scheme for the retransmission of distant television programming by satellite carriers. 17 U.S.C. 119. Congress created the license in 1988 and has reauthorized the license for additional five-year periods, most recently with the Satellite Television Extension and Localism Act of 2010 (STELA), Public Law 111-175.

On August 31, 2010, the Copyright Royalty Judges (Judges) adopted rates for the section 119 compulsory license for the 2010–2014 term. See 75 FR 53198. The rates adopted by the Judges were proposed by Copyright Owners and Satellite Carriers¹ and were unopposed. *Id.* Section 119(c)(2) of the Copyright Act requires the Judges to adjust the adopted rates annually “to reflect any changes occurring in the cost of living adjustment as determined by the most recent Consumer Price Index (for all consumers and for all items) [CPI-U] published . . . before December 1 of the preceding year.” Section 119 also requires that “[n]otification of the adjusted fees shall be published in the **Federal Register** at least 25 days before January 1.” 17 U.S.C. 119(c)(2). Today’s notice fulfills this obligation.

The change in the cost of living as determined by the CPI-U during the period from the most recent index published before December 1, 2012, to the most recent index published before December 1, 2013, is 1%.² Application of the 1% COLA to the current rate for the secondary transmission of broadcast stations by satellite carriers for private home viewing—27 cents per subscriber

per month—results in the same rate of 27 cents per subscriber per month (rounded to the nearest cent). See 37 CFR 386.2(b)(1). Application of the 1% COLA to the current rate for viewing in commercial establishments—54 cents per subscriber per month—results in an adjusted rate of 55 cents per subscriber per month (rounded to the nearest cent). See 37 CFR 386.2(b)(2).

[EPA-R04-OAR-2013-0455; FRL-9903-17-Region 4]

Approval and Promulgation of Implementation Plans; Tennessee; Revisions to the Knox County Portion of the Tennessee State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of Tennessee, through the Tennessee Department of

Environment and Conservation (TDEC) on December 13, 2012. EPA proposed action on this revision on August 16, 2013, and received no adverse comments. The SIP submittal revises the definition of “Modification” in Knox County Air Quality Management Regulation Section 13 Definitions. TDEC considers Knox County’s SIP revision to be as or more stringent than the Tennessee SIP requirements. EPA is approving the Knox County SIP revision because the State has demonstrated that it is consistent with the Clean Air Act (CAA or Act).

DATES: This rule will be effective December 30, 2013.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R04-OAR-2013-0455. All documents in the docket are listed on the www.regulations.gov Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 to 4:30 excluding federal holidays.

SUPPLEMENTARY INFORMATION:

- I. This Action
- II. Final Action
- III. Statutory and Executive Order Reviews

I. This Action

On December 13, 2012, TDEC submitted a SIP revision to EPA for approval into the Knox County portion of the Tennessee SIP. Specifically, the

¹ Program Suppliers and Joint Sports Claimants comprised the Copyright Owners while DIRECTV, Inc.; DISH Network, LLC and National Programming Service, LLC, comprised the Satellite Carriers.

² On November 20, 2013, the Bureau of Labor Statistics announced that the CPI-U increased 1.0% over the last 12 months.

December 13, 2012, SIP revises the definition of “Modification” in Knox County Regulation, section 13.0—*Definitions*. The additions of subparagraphs E and F to the definition of “Modification” allows the local permit program authority to provide adequate, streamlined, and reasonable procedures for expeditiously processing permit changes by excluding certain modifications from construction permitting. The addition of subparagraph E provides that certain modifications (physical/method of operation) at major sources that are not considered Title I modifications do not require construction permits. The addition at subparagraph F establishes criteria for which a physical change or change in the method of operation for a minor source does not need a construction permit.

EPA proposed approval of Tennessee’s December 13, 2012, submission on August 16, 2013 (78 FR 49990), and received no adverse comments on its proposed action.

II. Final Action

EPA is approving the aforementioned change to the Knox County portion of the Tennessee SIP, because it is consistent with EPA policy and the CAA.

III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994). In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a

report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by January 28, 2014. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. See section 307(b)(2).

Approval and Promulgation of Air Quality Implementation Plans; New Hampshire; Transportation Conformity and Conformity of General Federal Actions				
AGENCY: Environmental Protection Agency (EPA).				
ACTION: Direct final rule.				
SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of New Hampshire. This revision establishes transportation conformity criteria and procedures related to interagency consultation and enforceability of certain transportation-related control measures and mitigation measures. In addition, the revision relies on the Federal rule for General Conformity. The intended effect of this action is to approve State criteria and procedures to govern conformity determinations. This action is being taken in accordance with the Clean Air Act.				<i>Docket:</i> All documents in the electronic docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute.
