

Administration and Management (OASAM). The delegation sets forth conditions authorizing the DOL to issue occasional use permits for FPB public space. The delegation is also subject to applicable standard operating procedures for Government-owned real properties. More specifically, the DOL may only issue occasional use permits to organizations engaging in cultural, educational, or recreational activities. These permits are generally not available for commercial purposes. Any person or organization wishing to use a FPB public area must file a permit application with the DOL Conference Rooms and Services Center. Applicants must submit the following information: (a) Applicant's full name, mailing address, and telephone number; (b) organization sponsoring the proposed activity; (c) individual(s) responsible for supervising the activity; (d) documentation showing the applicant is authorized to represent the sponsoring organization; and (e) a description of the proposed activity, including dates and times during which it is to be conducted and the number of persons to be involved. OASAM policies and procedures concerning FPB public space are set forth in DOL Manual Series section 2-510 and an application—Form DL-1-6062B, Application for Use of Public Space by Non-DOL Agencies in the Frances Perkins Building.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the Office of Management and Budget (OMB) under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1225-0087. The current approval is scheduled to expire on March 31, 2014; however, the DOL intends to seek continued approval for this collection of information for an additional three years.

The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of

information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the ICR. Submitted comments will also be a matter of public record for this ICR and posted on the Internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Cranes and Derricks in Construction Standard

ACTION: Notice.

SUMMARY: On November 29, 2013, the Department of Labor (DOL) will submit the Occupational Safety and Health Administration (OSHA) sponsored information collection request (ICR) revision titled, "Cranes and Derricks in Construction Standard," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 et seq.).

DATES: Submit comments on or before January 2, 2014.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the RegInfo.gov Web site at http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201311-1218-002 (this link will only become active on the day following publication of this notice) or by contacting Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL—OSHA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202-395-6881 (this is not a toll-free number); or by email: [OIRA_submission@omb.eop.gov](mailto>OIRA_submission@omb.eop.gov). Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor—OASAM, Office of the Chief Information Officer, Attn: Information Policy and Assessment Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov.

FOR FURTHER INFORMATION CONTACT:

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authorization for the current information collection requirements contained in the Cranes and Derricks Standard codified at 29 CFR part 1926 subparts CC and M. These requirements mandate that a covered employer produce and maintain records documenting controls and other measures taken to protect workers from hazards related to cranes and derricks used in construction. Accordingly, a construction business with workers who operate or work in the vicinity of cranes and derricks must have, as applicable, the following documents on file and available at the job site: equipment ratings, employee training records, written authorizations from qualified individuals, and qualification program audits. During an inspection, the OSHA will have access to the records to determine compliance under conditions specified by the Standard. This ICR has been classified as a revision, because the OSHA has revised the ICR to exempt digger derricks used in construction work subject to 29 CFR part 1926 subpart V, in accordance with a Final Rule published in the **Federal Register** on May 29, 2013 (78 FR 32110).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218–0261. The current approval is scheduled to expire on November 30, 2013; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 13, 2013 (78 FR 56742).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES**

section by January 2, 2014. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218–0261. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
