FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Extension of Public Comment Period

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of extension of public comment period.

SUMMARY: The FTC is soliciting public comments on proposed information requests to Patent Assertion Entities (“PAEs”) asserting patents in a variety of sectors, as well as a group of other entities asserting patents specifically in the wireless communications sector, including manufacturers and other non-practicing entities and organizations engaged in licensing. The Commission has now determined to extend the public comment period until December 16, 2013.

DATES: Comments must be received on or before December 16, 2013.

ADDRESSES: Interested parties may file a comment online or on paper, by following the instructions in the Request for Comment part of the **SUPPLEMENTARY INFORMATION** section below. Write “PAE Reports: Paperwork Comment; Project No. P131203” on your comment, and file your comment online at <https://ftcpublic.commentworks.com/ftc/paestudypra>, by following the instructions on the web-based form. If you prefer to file your comment on paper, mail or deliver your comment to the following address: Federal Trade Commission, Office of the Secretary, Room H-113 (Annex J), 600 Pennsylvania Avenue NW., Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT: William F. Adkinson, Jr., Attorney Advisor, Office of Policy Planning, Federal Trade Commission, 600 Pennsylvania Avenue NW., Washington, DC 20580; (202) 326-2096; paestudy@ftc.gov.

SUPPLEMENTARY INFORMATION: On September 27, 2013, the Commission announced that it would seek public comments on a proposal to gather information from approximately 25 companies known as Patent Assertion Entities (“PAEs”), along with 15 other entities asserting patents specifically in the wireless communications sector. For

purposes of this notice, PAEs are firms with a business model based primarily on purchasing patents and then attempting to generate revenue by asserting the intellectual property against persons who are already practicing the patented technology.¹ A notice containing the proposed information requests and seeking public comment was published in the **Federal Register** on October 3, 2013.² The Commission intends to use this information to add to the existing literature and evidence on PAE activity. These comments will be considered before the FTC submits a request for Office of Management and Budget review of the compulsory process orders described in this notice under the Paperwork Reduction Act. The compulsory process orders will seek information from firms concerning, among other things, patent acquisition, litigation, and licensing practices.

The Commission has now determined to extend the public comment period until December 16, 2013. The Commission will not consider requests for further extension. You may file a comment online or on paper, and the content of the comment should conform to the requirements detailed in the October 3, 2013 **Federal Register** Notice. For the Commission to consider your comment, we must receive it on or before December 16, 2013. Write “PAE Reports: Paperwork Comment; Project No. P131203” on your comment. Your comment, including your name and your state, will be placed on the public record of this proceeding, including, to the extent practicable, on the public Commission Web site, at <http://www.ftc.gov/os/publiccomments.shtm>. As a matter of discretion, the Commission tries to remove individuals’ home contact information from comments before placing them on the Commission Web site.

Because your comment will be made public, you are solely responsible for making sure that your comment does not include any sensitive personal information, like anyone’s Social Security number, date of birth, driver’s license number or other state identification number or foreign country

¹ The Commission distinguishes PAEs from other non-practicing entities or NPEs that primarily seek to develop and transfer technology, such as universities, research entities and design firms. Fed.
