

which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves operating the bridge from a remote location. This rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction.

Under figure 2–1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

#### List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

#### PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 33 CFR 1.05–1; Department of Homeland Security Delegation No. 0170.1.

■ 2. Amend § 117.739 by suspending paragraph (b) and adding paragraph (p) to read as follows:

#### § 117.739 Passaic River.

\* \* \* \* \*

(p) The draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 1.8, between Kearny and Newark, shall open on signal if at least a four hour advance notice is given; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependant deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., provided at least a twelve hour advance notice is given by calling the number posted at the bridge.

Dated: November 5, 2013.

### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG–2013–0964]

#### Drawbridge Operation Regulation; Upper Mississippi River, Dubuque, IA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Illinois Central Railroad Drawbridge across the Upper Mississippi River, mile 579.9, at Dubuque, Iowa. The deviation is necessary to allow the bridge owner time to perform preventive maintenance that is essential to the continued safe operation of the drawbridge. Maintenance is scheduled in the winter and when there is less impact on navigation; instead of scheduling work in the summer, when river traffic increases. This deviation allows the bridge to open on signal if at least 24 hours advance notice is given.

**DATES:** This deviation is effective from 12:01 a.m., December 18, 2013 to 7 a.m. March 3, 2014.

**ADDRESSES:** The docket for this deviation, [USCG–2013–0964] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation, West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Eric A. Washburn, Bridge Administrator, Western Rivers, Coast Guard; telephone 314–269–2378, email [Eric.Washburn@uscg.mil](mailto:Eric.Washburn@uscg.mil). If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** The Chicago, Central & Pacific Railroad requested a temporary deviation for the Illinois Central Railroad Drawbridge, across the Upper Mississippi River, mile 579.9, at Dubuque, Iowa to open on signal if at least 24 hours advance notice is given for 76 days from 12:01 a.m.,

December 18, 2013 to 7 a.m., March 3, 2014 to allow the bridge owner time for preventive maintenance. The Illinois Central Railroad Drawbridge currently operates in accordance with 33 CFR 117.5, which states the general requirement that drawbridges shall open promptly and fully for the passage of vessels when a request to open is given in accordance with the subpart.

There are no alternate routes for vessels transiting this section of the Upper Mississippi River.

Winter conditions on the Upper Mississippi River coupled with the closure of Army Corps of Engineer’s Lock No 18 (Mile 410.5 UMR) and Lock No. 22 (Mile 301.2 UMR) until 11:00 a.m., March 4, 2014 will preclude any significant navigation demands for the drawspan opening.

The Illinois Central Railroad Drawbridge, in the closed-to-navigation position, provides a vertical clearance of 19.9 feet above normal pool. Navigation on the waterway consists primarily of commercial tows and recreational watercraft. The drawbridge will open if at least 24-hours advance notice is given. This temporary deviation has been coordinated with waterway users. No objections were received.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period time of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 18, 2013.

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG–2013–0961]

#### Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Wrightsville Beach, NC

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the S.R. 74 Bridge, across the Atlantic Intracoastal Waterway (AICW), mile 283.1, at Wrightsville Beach, NC. This deviation

is necessary to accommodate the 2014 Quintiles Wrightsville Beach Full and Half Marathon. This deviation allows the bridge to remain in the closed position during the race.

**DATES:** This deviation is effective from 5 a.m. through 10 a.m., Sunday, March 16, 2014.

**ADDRESSES:** The docket for this deviation, [USCG–2013–0961] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Kashanda Booker, Bridge Administration Branch, Fifth Coast Guard District; telephone 757–398–6227, email [Kashanda.l.booker@uscg.mil](mailto:Kashanda.l.booker@uscg.mil). If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** The Quintiles Wrightsville Beach Full and Half Marathon committee on behalf of the North Carolina Department of Transportation (NCDOT) has requested a temporary deviation from the current operating schedule for the S.R. 74 Bascule Drawbridge across the AICW mile 283.1, at Wrightsville Beach, NC. The requested deviation will accommodate the 2014 Quintiles Wrightsville Beach Full and Half Marathon scheduled for Sunday, March 16, 2014. To facilitate this event, the draw of the bridge will be maintained in the closed-to-navigation position from 5 a.m. until 10 a.m. to allow race participants to cross during the scheduled event.

The current operating schedule for the bridge is set out in 33 CFR 117.821(a)(4). The regulation requires the bridge to open on signal for vessels at all times except that from 7 a.m. until 7 p.m. the bridge shall open on the hour; every third and fourth Saturday in September the bridge shall remain closed from 7 a.m. until 11 a.m.; and the last Saturday of October or the first or second Saturday of November the bridge shall remain closed from 7 a.m. until 10:30 a.m. The bascule drawbridge has a vertical clearance of 20 feet above mean high water in the closed position.

Vessels that can pass through the bridge in the closed position may do so at any time.

Since the race is an annual event, local waterway users should be familiar with the closure. To ensure that waterway users are aware of the closure, the Coast Guard will issue a Local and Broadcast Notice to Mariners to allow mariners to schedule their transits accordingly. There are no alternate routes available to vessels. Most waterway traffic consists of recreational boats with a few barges and tugs during the daytime. The bridge is able to open for emergencies.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 15, 2013.

### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG–2013–0921]

RIN 1625–AA09

#### Drawbridge Operation Regulation; Genessee River, Rochester, NY

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

**SUMMARY:** The Coast Guard is removing the existing drawbridge operation regulation for the CSX Transportation Bridge across Genessee River, mile 0.9, at Rochester, NY. The drawbridge was removed in 2013 and the operating regulation is no longer applicable or necessary.

**DATES:** This rule is effective December 2, 2013.

**ADDRESSES:** The docket for this final rule, [USCG–2013–0921] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this final rule. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m.

and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Mr. Lee Soule, Bridge Management Specialist, Ninth Coast Guard District, Coast Guard; telephone 216–902–6087, email [Lee.D.Soule@uscg.mil](mailto:Lee.D.Soule@uscg.mil). If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.

#### SUPPLEMENTARY INFORMATION:

##### A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the CSX Transportation Bridge that once required draw operations in 33 CFR 117.785 was removed from the waterway in 2013. Therefore, the regulation is no longer applicable and shall be removed from publication. It is unnecessary to publish an NPRM because this regulatory action does not purport to place any restrictions on mariners but rather removes a restriction that has no further use or value.

Under 5 U.S.C. 553(d)(1), a rule that relieves a restriction is not required to provide the 30 day notice period before its effective date. This rule removes the CSX Transportation Bridge draw operation requirements under 33 CFR 117.785, thus removing a regulatory restriction on the public. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**. The bridge was removed from the waterway in 2013 and this rule merely requires an administrative change to the **Federal Register**, in order to omit a regulatory requirement that is no longer applicable or necessary.

##### B. Basis and Purpose

The CSX Transportation Bridge across Genessee River, mile 0.9, was removed in 2013. It has come to the attention of the Coast Guard that the governing regulation for this drawbridge was never
