Purpose and Need for Action

The Presidential Proclamation establishing Chimney Rock National Monument (the Monument) requires preparation of a management plan. The purpose and need of developing the management plan is to ensure that the lands and resources within the Monument are managed in accordance with the intent of the Presidential Proclamation that established the Monument. As stated in the proclamation, the plan will provide for protection and interpretation of the scientific and historic objects identified, including nationally significant archaeology, archaeoastronomy, visual and landscape characteristics, and geological and biological features, as well as objects of deep cultural and educational value. The plan will also provide for continued public access to those objects consistent with their protection, and protect and preserve access by tribal members for traditional cultural, spiritual, and food- and medicine-gathering purposes, consistent with the purposes of the monument, to the maximum extent permitted by law in order to protect the objects of interest. The management plan will amend the 2013 San Juan National Forest Land and Resource Management Plan.

The management plan will be prepared pursuant to the requirements of the National Forest Management Act of 1976 (NFMA) and the 1982 U.S. Forest Service (USFS) planning regulations (36 CFR part 219) as allowed by the transition provision of the 2012 forest planning regulations. The 1982 planning regulations are available at <http://www.fs.fed.us/emc/nfma/includes/nfmareg.html>.

Proposed Action

The San Juan National Forest proposes to develop a management plan that will: (1) Identify the goals (desired conditions) for the Monument; (2) identify suitable uses for areas within the Monument; (3) establish the Strategies, Objectives, and Standards and Guidelines for management of the Monument; (4) Evaluate and

recommend Special Area designations; (5) Identify the Monitoring and Evaluation requirements for the Monument; and (6) Establish a transportation plan for the Monument.
