## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP13–528–000]

#### Northern Natural Gas Company; Notice of Availability of the Environmental Assessment for the Proposed West Leg 2014 Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the West Leg 2014 Expansion Project, proposed by Northern Natural Gas Company (Northern) in the above-referenced docket. Northern requests authorization to construct, operate, and maintain new natural gas facilities in Dakota and Dodge Counties, Nebraska and Woodbury County, Iowa to provide for 88,430 dekatherms per day (Dth/d) to serve increased markets for industrial, commercial, and residential uses.

The EA assesses the potential environmental effects of the construction and operation of the West Leg 2014 Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA) of 1969. The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corp of Engineers, U.S. Department of Agriculture Natural Resources Conservation Service, Iowa Department of Natural Resources, Nebraska Game and Parks Commission, and the Papio-Missouri River Natural Resources District participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The proposed project includes the following facilities:

- Approximately 7 miles of 20- and 24-inch-diameter pipeline in Dakota County, Nebraska and Woodbury County, Iowa;
- A new 4,700-horsepower compressor station in Dodge County, Nebraska;
- A new 9,480-horsepower compressor station in Dakota County, Nebraska; and
- A new meter station in Woodbury County, Iowa.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and
