SUPPLEMENTARY INFORMATION:

I. Description of the Matching Program

A. General

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the manner in which computer matching involving Federal agencies could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals. The Privacy Act, as

amended, regulates the use of computer matching by Federal agencies when records in a system of records (SOR) are matched with other Federal, state, or local government records. It requires Federal agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agencies participating in the matching programs;
2. Obtain the Data Integrity Board approval of the match agreements;
3. Furnish detailed reports about matching programs to Congress and OMB;
4. Notify applicants and beneficiaries that the records are subject to matching; and,
5. Verify match findings before reducing, suspending, terminating, or denying an individual's benefits or payments.

B. CMS Computer Matches Subject to the Privacy Act

CMS has taken action to ensure that all CMPs that this Agency participates in comply with the requirements of the Privacy Act of 1974, as amended.

Dated: November 21, 2013.

Michelle Snyder,

Chief Operating Officer, Centers for Medicare & Medicaid Services.

CMS Computer Match No. 2013-01; HHS Computer Match No. 1312

NAME:

"Computer Matching Agreement between the Centers for Medicare & Medicaid Services (CMS) and the Purchased Care at the Health Administration Center (PC@HAC) of the Department of Veterans Affairs for Verification of CHAMPVA Eligibility."

SECURITY CLASSIFICATION:

None

PARTICIPATING AGENCIES:

The Centers for Medicare & Medicaid Services, and Purchased Care at the Health Administration Center (PC@HAC) of the Department of Veterans Affairs.

AUTHORITY FOR CONDUCTING MATCHING PROGRAM:

This Computer Matching Program (CMP) is executed to comply with the provisions of Public Laws (Pub. L.) 93-82, 94-581, 102-190, and 107-14 (codified at Title 38 United States Code (U.S.C.) 1713) that restrict CHAMPVA eligibility for benefits dependent upon a beneficiary's Medicare Part A and Part B status. This computer matching program will match CHAMPVA applicants and beneficiaries with Medicare Part A and B beneficiaries.

PURPOSE(S) OF THE MATCHING PROGRAM:

The purpose of this computer matching agreement is to establish the conditions, safeguards and procedures under which the CMS and PC@HAC will conduct a computer-matching program to determine entitlement to CHAMPVA benefits. Under the terms of this matching agreement, PC@HAC will provide to CMS a list of social security numbers (SSN) for all CHAMPVA eligible beneficiaries who may also be eligible for Medicare benefits. This information is maintained in PC@HAC's System of Records (SOR) entitled "Health Administration Center Civilian Health and Medical Program Records-VA." CMS agrees to conduct a computer match of the SSNs of beneficiaries provided by PC@HAC against the information found in CMS's Enrollment Database (EDB) SOR. PC@HAC will receive the results of the computer match in order to determine a beneficiary's eligibility for care under CHAMPVA.

CATEGORIES OF RECORDS AND INDIVIDUALS COVERED BY THE MATCH:

Upon establishment of the CHAMPVA program under Public Law 93-82, CHAMPVA entitlement will be terminated when any individual becomes eligible for Medicare Part A (Hospital Insurance) on a non-premium basis. Public Law 94-581 provided for reinstatement of CHAMPVA as second payer for beneficiaries aged 65 and over who exhausted a period of Medicare Part A (Hospital Insurance). These beneficiaries must also be enrolled in Medicare Part B (Medical Insurance) in order to retain their CHAMPVA entitlement. Public Law 102-190 extended CHAMPVA benefit to age 65 for any beneficiary eligible for Medicare Part A on the basis of disability/end stage renal disease (ESRD) only if that individual is also enrolled in Medicare Part B. Public Law 107-14 provided for extending benefit coverage for beneficiaries over the age of 65 years if the beneficiary is in receipt of Medicare Part A and Medicare Part B.

DESCRIPTION OF RECORDS TO BE USED IN THE MATCHING PROGRAM:**A. Systems of Records****1. Records Maintained by PC@HAC**

The information used in this matching program is maintained in the PC@HAC system identified as 54VA16, entitled "Health Administration Center Civilian Health and Medical Program

2. Records Maintained by CMS

The matching program will be conducted with data maintained by CMS in the EDB, System No. 09-70-0502, published at 73 Fed. Reg. 10249 (February 26, 2008). Matched data will be released to PC@HAC pursuant to the routine use number 2 as set forth in the system notice.

INCLUSIVE DATES OF THE MATCH:

The CMP shall become effective no sooner than 40 days after the report of the Matching Program is sent to OMB and Congress, or 30 days after publication in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.

BILLING CODE 4120-03-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Proposed Information Collection Activity; Comment Request****Proposed Projects**

Title: Child and Family Services Plan (CFSP), Annual Progress and Services Review (APSR), and Annual Budget Expenses Request and Estimated Expenditures (CFS-101).

OMB No.: 0970-0426.

Description: Under title IV-B, subparts 1 and 2, of the Social Security Act (the Act), States, Territories, and Tribes are required to submit a Child and Family Services Plan (CFSP). The CFSP lays the groundwork for a system of coordinated, integrated, and culturally relevant family services for the subsequent five years (45 CFR 1357.15(a)(1)). The CFSP outlines initiatives and activities the State, Tribe or territory will carry out in administering programs and services to promote the safety, permanency, and well-being of children and families. By June 30 of each year, States, Territories, and Tribes are also required to submit

an Annual Progress and Services Report (APSR) and a financial report called the CFS-101. The APSR is a Yearly report that discusses progress made by a State, Territory or Tribe in accomplishing the goals and objectives cited in its CFSP (45 CFR 1357.16(a)). The APSR contains new and updated information about service needs and organizational capacities throughout the five-year plan period. The CFS-101 has three parts. Part I is an annual budget request for the upcoming fiscal year. Part II includes a summary of planned expenditures by program area for the upcoming fiscal year, the estimated number of individuals or families to be served, and the geographical service area. Part III includes actual expenditures by program area, numbers of families and individuals served by program area, and the geographic areas served for the last complete fiscal year.

The Child and Family Services Improvement Act of 2006 amended Title IV-B, subparts 1 and 2, adding a number of requirements that affect reporting through the APSR and the CFS-101. Of particular note, the law added a provision requiring States (including Puerto Rico and the District of Columbia) to report data on caseworker visits (section 424(e) of the Act). States must provide annual data on 1) the percentage of children in foster care under the responsibility of the State who were visited on a monthly basis by the caseworker handling the case of the child; and 2) the percentage of the visits that occurred in the residence of the child. In addition, by June 30, 2008, States must set target percentages and establish strategies to meet the goal that; by October 1, 2011; at least 90 percent of the children in foster care are visited by their caseworkers on a monthly basis and that the majority of these visits occur in the residence of the child (section 424(e)(2)(A) of the Act).

Respondents: States, Territories, and Tribes must complete the CFSP, APSR, and CFS-101. Tribes and territories are exempted from the monthly caseworker visits reporting requirement of the APSR. There are approximately 180 Tribal entities that are eligible for IV-B funding. There are 52 States (including Puerto Rico and the District of Columbia) that must complete the CFSP, APSR, and CFS-101. There are a total of 232 possible respondents.
