Although part 52 combined license applicants and holders may apply for specific ISFSI licenses, the guidance in this regulatory guide is directed to ISFSI applicants and does not make a distinction between, and presents no more onerous guidance for, ISFSI applicants who are also combined license applicants or holders, than for ISFSI applicants who are not combined license applicants and holders.

Accordingly, the NRC concludes that this draft regulatory guide, if finalized, would not be inconsistent with any part 52 issue finality provision.
