**SUPPLEMENTARY INFORMATION:**

*I. Hankook's Petition:* Pursuant to 49 U.S.C. 30118(d) and 30120(h) (see implementing rule at 49 CFR part 556), Hankook submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Hankook's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

*II. Tires Involved:* Affected are approximately 6,257 Roadhandler Sport (H432), size 215/45R17 91W XL, Hankook tires manufactured between June 21, 2013 and August 29, 2013.

*III. Noncompliance:* Hankook explains that the noncompliance is that, due to a mold labeling error, the sidewall marking on the side of the tires incorrectly describes the actual number of plies in the tread area of the tires as required by paragraph S5.5(f) of 49 CFR 571.139. Specifically, the tires in question were inadvertently manufactured with “Ply Tread 2 steel + 1 Polyester + 2 Nylon, Sidewall 1 Polyester.” The correct labeling and stamping to match the tire construction should have been “Ply Tread 2 steel + 1 Polyester + 1 Nylon, Sidewall 1 Polyester.”

*IV. Rule Text:* Paragraph S5.5(f) of FMVSS No. 139 requires in pertinent part:

S5.5 Tire Markings. Except as specified in paragraphs (a) through (i) of S5.5, each tire must be marked on each sidewall with the information specified in S5.5(a) through (d) and on one side-wall with the information specified in S5.5(e) through (i) according to the phase-in schedule specified in S7 of this standard. The markings must be placed between the maximum section width and the bead on at least one sidewall, unless the maximum section width of the tire is located in an area that is not more than one-fourth of the distance from the bead to the shoulder of the tire. If the maximum section width that falls within that area, those markings must appear between the bead and a point one-half the distance from the bead to the shoulder of the tire, on at least one sidewall. The markings must be in letters and numerals not less than 0.078 inches high and raised above or sunk below the tire surface not less than 0.015 inches . . .

(f) The actual number of plies in the sidewall, and the actual number of plies in the tread area, if different.

*V. Summary of Hankook's Analyses:* Hankook stated its belief that the subject noncompliance is inconsequential to motor vehicle safety for the following reasons:

1. The affected subject tires meet or exceed all applicable FMVSS performance standards.

2. The subject tires will not be affected based on performance, durability, or safety they are designed and build for.

Hankook has additionally informed NHTSA that it has corrected the noncompliance so that all future production of these Roadhandler Sport (H432) tires will comply with FMVSS No. 139.

In summation, Hankook believes that the described noncompliance of the subject tires is inconsequential to motor vehicle safety, and that its petition, to exempt from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject tires that Hankook no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve tire distributors and dealers of the prohibitions on the sale, offer for

sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after Hankook notified them that the subject noncompliance existed.

**Authority:** (49 U.S.C. 30118, 30120: delegations of authority at 49 CFR 1.95 and 501.8)

Issued on: December 4, 2013.

#### **CSX Transportation, Inc.— Abandonment Exemption—in Alachua County, Fla. and Florida Northern Railroad Company, Inc.— Discontinuance of Service Exemption—in Alachua County, Fla.**

CSX Transportation, Inc. (CSXT), and Florida Northern Railroad Company, Inc. (FNOR), jointly filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments and Discontinuances of Service* for CSXT to abandon approximately 11.62 miles of rail line on CSXT's Southern Region, Jacksonville Division, West Coast Subdivision, between milepost AR 716.88, at High Springs, and milepost AR 726.69, at Newberry, and milepost ARB 717.11, at High Springs, and milepost ARB 718.92, at High Springs, in Alachua County, Fla. (the Line); and (2) FNOR to discontinue service over approximately 9.81 miles of rail between milepost AR 716.88, at High Springs, and milepost AR 726.69, at Newberry (the FNOR Line).<sup>1</sup> The Line traverses United States Postal Service Zip Codes 32643 and 32669.

CSXT and FNOR have certified that: (1) No local traffic has moved over the Line for at least two years; (2) no overhead traffic has moved over the Line for at least two years and overhead traffic, if there were any, can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the Line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the Line either

<sup>1</sup> The FNOR Line is a portion of the Line. CSXT leased the FNOR Line to FNOR in 2005 as part of the transaction in *Florida Northern Railroad—Lease Exemption—Line of CSX Transportation, Inc.*, FD 34689 (STB served June 15, 2005). Since that time, FNOR also has operated the CSXT trackage between milepost ARB 717.11, and milepost ARB 718.92, the remainder of the Line, as exempt industry track.

is pending before the Surface Transportation Board or before any U.S. District Court or has been decided in favor of the complainant within the two-year period; and (4) the requirements at 49 CFR 1105.7(c) (environmental reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.<sup>2</sup>

As a condition to this exemption, any employee adversely affected by the abandonment or discontinuance shall be protected under *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on January 9, 2014, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>3</sup> formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),<sup>4</sup> and trail use/rail banking requests under 49 CFR 1152.29 must be filed by December 20, 2013. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by December 30, 2013, with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to CSXT's representative: Louis E. Gitomer, Law Offices of Louis E. Gitomer, 600 Baltimore Avenue, Suite 301, Towson, MD 21204. A copy of any petition filed with the Board also should be sent to FNOR's representative: Thomas J. Litwiler, Fletcher & Sippel, LLC, 29 North Wacker Drive, Suite 920, Chicago, IL 60606-2832.

<sup>2</sup> The Line has been embargoed due to track condition since July 22, 2011. Prime Conduit, the only shipper on the FNOR Line, receives service via transloading at Jacksonville, Fla., or other nearby transloading locations.

<sup>3</sup> The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Serv. Rail Lines*, 5 I.C.C. 2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

<sup>4</sup> Each OFA must be accompanied by the filing fee, which is currently set at \$1600. See 49 CFR 1002.2(f)(25).
