

law and such regulations as the Secretary of the Interior may prescribe.

3. Additional terms and conditions that the authorized officer deems appropriate, including an appropriate indemnification clause protecting the United States from claims arising out of the conveyee's use, occupancy, or occupation on the lands should the lands be conveyed out of Federal ownership.

The FMV for the sale parcel will be available for review 60 days prior to the sale date. An environmental assessment (EA) is being prepared for the proposed direct sale. When completed, the EA will be available for review at the address above.

For a period until January 27, 2014, interested parties and the general public may submit in writing any comments concerning the land being considered for sale, including notification of any encumbrances or other claims relating to the identified land, to the Field Manager, BLM Rock Springs Field Office, at the above address. In order to ensure consideration in the EA of the proposed sale, comments must be in writing and post marked or delivered within 45 days of the initial date of publication of this Notice.

Comments transmitted via email will also be accepted and should be sent to BLM_WY_PacifiCorp_Landfill_Expansion@blm.gov. Comments, including names and street addresses of respondents, will be available for public review at the BLM Rock Springs Field Office during regular business hours, except holidays. Individual respondents may request confidentiality. Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. The BLM will make available for public review, in their entirety, all comments submitted by businesses or organizations, including comments by individuals in their capacity as an official or representative of a business or organization.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-909 (Second Review)]

Low Enriched Uranium From France

Determination

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the antidumping duty order on low enriched uranium from France would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.²

Background

The Commission instituted this review on December 3, 2012 (77 FR 71626) and determined on March 8, 2013 that it would conduct a full review (78 FR 19311, March 29, 2013). Notice of the scheduling of the Commission's review and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on April 10, 2013 (78 FR 21416). The hearing was held in Washington, DC, on September 10, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission completed and filed its determination in this review on December 6, 2013. The views of the Commission are contained in USITC Publication 4436 (December 2013), entitled *Low Enriched Uranium from France: Investigation No. 731-TA-909 (Second Review)*.

By order of the Commission.

Issued: December 6, 2013.

Lisa R. Barton,

Acting Secretary to the Commission.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-416; NRC-2011-0262]

License Renewal Application for Grand Gulf Nuclear Station, Unit 1

AGENCY: Nuclear Regulatory Commission.

ACTION: Draft supplemental generic environmental impact statement; issuance, public meeting, and request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing for public comment a draft, plant-specific, supplement 50 to the Generic Environmental Impact Statement (GEIS) for License Renewal of Nuclear Plants, NUREG-1437, regarding the renewal of operating license NPF-29 for an additional 20 years of operation for Grand Gulf Nuclear Station, Unit 1 (GGNS). The GGNS is located in Claiborne County, Mississippi. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources. The NRC staff plans to hold two public meetings during the public comment period to present an overview of the draft plant-specific supplement to the GEIS and to accept public comments on the document.

DATES: Submit comments by February 11, 2014. Comments received after this date will be considered, if it is practical to do so, but the NRC staff is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods (unless this document describes a different method for submitting comments on a specific subject):

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2011-0262.
