Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Reporting Requirements for Sea Otter Interactions with the Pacific Sardine Fishery; Coastal Pelagic Species Fishery Management Plan.

OMB Control Number: 0648-0566.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 2.

Average Hours per Response: 30 minutes.

Burden Hours: 1.

Needs and Uses: This request is for extension of a current information collection.

On May 30, 2007, the National Marine Fisheries Service (NMFS) published a final rule (72 FR 29891) implementing a requirement under the Coastal Pelagic Species (CPS) Fishery Management Plan to report any interactions that may occur between a CPS vessel and/or fishing gear and sea otters.

Specifically, these reporting requirements are:

1. If a southern sea otter is entangled in a net, regardless of whether the animal is injured or killed, such an occurrence must be reported within 24 hours to the Regional Administrator, NMFS Southwest Region.

2. While fishing for CPS, vessel operators must record all observations of otter interactions (defined as otters within encircled nets or coming into contact with nets or vessels, including but not limited to entanglement) with

their purse seine net(s) or vessel(s). With the exception of an entanglement, which will be initially reported as described above, all other observations must be reported within 20 days to the Regional Administrator.

When contacting NMFS after an interaction, fishermen are required to provide information regarding the location, specifically latitude and longitude, of the interaction and a description of the interaction itself. Descriptive information of the interaction should include: Whether or not the otters were seen inside or outside the net; if inside the net, had the net been completely encircled; did contact occur with net or vessel; the number of otters present; duration of interaction; otter's behavior during interaction; and measures taken to avoid interaction.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: OIRA_

Submission@omb.eop.gov.

Certain Magnesia Carbon Bricks From Mexico: Rescission of Antidumping Duty Administrative Review

AGENCY: Enforcement and Compliance, formerly Import Administration,

International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: David Goldberger, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4136.

SUPPLEMENTARY INFORMATION:

Background

On September 2, 2011, the Department of Commerce (the Department) published in the **Federal Register** a notice of "Opportunity to Request Administrative Review" of the antidumping duty order on certain magnesia carbon bricks from Mexico for the period of review (POR) of September 1, 2012, through August 31, 2013. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 78 FR 54235 (September 3, 2013).

On September 30, 2011, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), the Department received a timely request from Resco Products, Inc., the petitioner and a domestic interested party, to conduct an administrative review of the sales of RHI-Refmex S.A. de C.V., Trafinsa S.A. de C.V., Vesuvius Mexico S.A. de C.V., and RHI GLAS GmbH. Resco Products, Inc. was the only party to request this administrative review.

On November 8, 2013, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on certain magnesia carbon bricks from Mexico with respect to RHI-Refmex S.A. de C.V., Trafinsa S.A. de C.V., Vesuvius Mexico S.A. de C.V., and RHI GLAS GmbH. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 78 FR 67104 (November 8, 2013).

On November 18, 2013, Resco Products, Inc. timely withdrew its request for a review of RHI-Refmex S.A. de C.V., Trafinsa S.A. de C.V., Vesuvius Mexico S.A. de C.V., and RHI GLAS GmbH.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in

part, if the parties that requested a review withdraw the request within 90 days of the date of publication of notice of initiation of the requested review. Resco Products, Inc. withdrew its request for review before the 90-day deadline, and no other party requested an administrative review of the antidumping duty order on certain magnesia carbon bricks from Mexico for the POR. Therefore, in response to Resco Products, Inc.'s withdrawal of its request for review, and pursuant to 19 CFR 351.213(d)(1), the Department is rescinding in whole the administrative review of the antidumping duty order on certain magnesia carbon bricks for the period September 1, 2012, through August 31, 2013.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: December 6, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
