BILLING CODE 6050-28-P

DEPARTMENT OF EDUCATION

Tests Determined To Be Suitable for Use in the National Reporting System for Adult Education

AGENCY: Office of Vocational and Adult Education, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary annually announces tests, test forms, and delivery formats that the Secretary determines to be suitable for use in the National Reporting System for Adult Education (NRS).

FOR FURTHER INFORMATION CONTACT:

Michelle Meier, Department of Education, 400 Maryland Avenue SW., Room 11161, Potomac Center Plaza, Washington, DC 20202-7240. Telephone: (202) 245-7890 or by email: Michelle.Meier@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: On January 14, 2008, we published in the **Federal Register** final regulations for 34 CFR part 462, Measuring Educational Gain in the National Reporting System for Adult Education (NRS regulations) (73 FR 2306). The NRS regulations established the process the Secretary uses to determine the suitability of tests for use in the NRS by States and local eligible providers. We annually publish in the **Federal Register** and post on the Internet at <http://www.nrsweb.org> a list of the names of tests and the educational functioning levels the tests are suitable to measure in the NRS as required by § 462.12(c)(2) of the NRS regulations.

On April 16, 2008, we published in the **Federal Register** a notice inviting test publishers to submit tests for review under the NRS regulations (73 FR 20616).

On February 2, 2010, we published in the **Federal Register** a notice (February 2010 notice) listing the tests and test forms the Secretary determined to be suitable for use in the NRS (75 FR 5303).

The Secretary determined tests and test forms to be suitable for a period of either seven or three years from the date of the February 2010 notice. A seven-year approval required no additional action on the part of the publisher, unless the information the publisher submitted as a basis for the Secretary's review was inaccurate or unless the test is substantially revised. A three-year approval was issued with a set of conditions to be met by the completion of the three-year period. If these conditions were met, the Secretary would approve a period of time for which the test may continue to be used in the NRS.

On September 12, 2011, we published in the **Federal Register** (76 FR 56188) a notice (September 2011 notice) to update the list published in the February 2010 notice, and include suitable test delivery formats. The update clarified that some, but not all, tests using computer-adaptive or computer-based delivery formats are suitable for use in the NRS.

On August 6, 2012, we published in the **Federal Register** (77 FR 46749) the same list of forms and computer delivery formats for the tests published in the September 2011 notice. We also announced a sunset period during which States and local providers may continue to use tests with three-year NRS approvals otherwise expiring on February 2, 2013, during a transition period ending on June 30, 2014.

On January 25, 2013, we announced in the **Federal Register** (78 FR 5430) an extension of the approval period for tests approved for a three-year period beginning on February 2, 2010. The approval period was extended from February 2, 2013 to September 30, 2013, with the sunset period ending on June 30, 2014 still applicable.

The Secretary publishes here the list of tests and test forms determined to be suitable for use in the NRS. These include: (1) Tests previously approved for a seven-year period from February 2, 2010; (2) three tests—previously approved for a three-year conditional period from February 2, 2010—for which the Secretary is extending the approval period through June 30, 2015; and (3) one test—a revised version of a test previously approved for a three-year conditional period from February 2, 2010—for which the Secretary is providing an approval period through June 30, 2015. The extended approval period through June 30, 2015 for these four tests is issued with a set of conditions for each test that a test publisher must meet by the completion of the extended period. If a test publisher meets these conditions, the

Secretary approves a period of time for which the test may continue to be used in the NRS.

Approved Tests, Forms and Approval Periods

Adult education programs must use only the approved forms and computer delivery formats for the tests published in this notice. If a particular test form or computer delivery format is not explicitly specified for a test in this notice, it is not approved for use in the NRS.

Tests Determined To Be Suitable for Use in the NRS for Seven Years

Expiring Tests

The sunset period for an expiring test allows a State and local provider to transition to other tests suitable for use in the NRS. The State and local provider may use the transition period to select new tests, purchase appropriate inventories of assessment materials, and provide training to staff.

Revocation of Tests

Under certain circumstances the Secretary may revoke the determination that a test is suitable (see 34 CFR 462.12(e)). If the Secretary revokes the determination of suitability, the Secretary announces through the **Federal Register** and posts on the Internet at www.nrsweb.org a notice of that revocation, along with the date by which States and local eligible providers must stop using the revoked test.
