SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-116 Clinical Laboratory Improvement Amendments (CLIA) Application Form and Supporting Regulations.

CMS-10225 Disclosures Required of Certain Hospitals and Critical Access Hospitals Regarding Physician Ownership.

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collections

1. Type of Information Collection

Request: Revision of a currently approved collection; *Title of Information Collection:* Clinical Laboratory Improvement Amendments (CLIA) Application Form and Supporting Regulations; *Use:* The application must be completed by entities performing laboratory’s testing specimens for diagnostic or treatment purposes. This information is vital to the certification process. *Form Number:* CMS-116 (OCN#: 0938-0581); *Frequency:* Biennially and Occasionally; *Affected Public:* Private sector—Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 242,000; *Total Annual Responses:* 34,200; *Total Annual Hours:* 25,650. (For policy questions regarding this collection contact Sheila Ward at 410-786-3115.)

2. Type of Information Collection

Request: Extension of a currently approved collection; *Title of Information Collection:* Disclosures Required of Certain Hospitals and Critical Access Hospitals Regarding Physician Ownership; *Use:* There is no Medicare prohibition against physician investment in a hospital or critical access hospitals (CAH). Likewise, there is no Medicare requirement that a hospital or CAH have a physician on-site at all times, although there is a requirement that they be able to provide basic elements of emergency care to

their patients. Medicare quality and safety standards are designed to provide a national framework that is sufficiently flexible to apply simultaneously to hospitals of varying sizes, offering varying ranges of services in differing settings across the nation. At the same time, however, patients might consider an ownership interest by their referring physician, the presence of a physician on-site or both to be important factors in their decisions about where to seek hospital care. A well-educated consumer is essential to improving the quality and efficiency of the healthcare system. Accordingly, patients should be made aware of the physician ownership of a hospital, whether or not a physician is present in the hospital at all times, and the hospital’s plans to address patients’ emergency medical conditions when a physician is not present. The intent of the disclosures is to increase the transparency of the hospital’s ownership and operations to patients as they make decisions about receiving care at the hospital. *Form Number:* CMS-10225 (OCN: 0938-1034); *Frequency:* Occasionally; *Affected Public:* Private sector—Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 265; *Total Annual Responses:* 57,387,927; *Total Annual Hours:* 1,265,116. (For policy questions regarding this collection contact Teresa Walden at 410-786-3755).

Dated: December 9, 2013.

Martique Jones,

Deputy Director, Regulations Development Group, Office of Strategic Operations and Regulatory Affairs.
