

We are also requesting a title change to read—*Import Permit Applications (42 CFR 71.54)*.

The Application for Permit to Import Biological Agents, Infectious Substances and Vectors of Human Disease into the United States form is used by laboratory facilities, such as those operated by government agencies, universities, and research institutions to request a permit for the importation of biological agents, infectious substances, or vectors of human disease. This form currently requests applicant and sender contact information; description of material for importation; facility isolation and containment information; and personnel qualifications. CDC plans to revise this application to request information on where the imported material will be stored at the recipient facility and who would be responsible for this location; verification that the permittee has implemented biosafety measures commensurate with the hazard posed by the infectious biological agent,

infectious substance, and/or vector to be imported, and the level of risk given its intended use; and a secondary contact information for the permittee to provide in case the permittee is unavailable. These additional data requests will not affect the burden hours.

The Application for Permit to Import or Transport Live Bats form is used by laboratory facilities such as those operated by government agencies, universities, research institutions, and for educational, exhibition or scientific purposes to request a permit for the importation, and any subsequent distribution after importation, of live bats. This form currently requests the applicant and sender contact information; a description and intended use of bats to be imported; and facility isolation and containment information. CDC plans to revise this application to request secondary contact information for the permittee to provide in case the permittee is unavailable. These

additional data requests will not affect the burden hours.

Estimates of burden for the survey are based on information obtained from the CDC import permit database based on the number of permits issued on annual basis since 2010. The total estimated annual burden for the data collection is 545 hours. We estimate a decrease in the number of respondents from 2,000 in 2011 to 1,625 due to recent trends and changes in the regulation. The daily operations have observed a decrease in the number of request for an import permit since 2011. In addition, the changes in 42 CFR 71.54, which became effective April 5, 2013, specify situations where an application for a permit is no longer required. For example, the importation of a select agent that is regulated under 42 CFR Part 73 no longer requires a permit be issued.

There are no costs to respondents except their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
Applicants Requesting to Import Biological Agents, Infectious Substances and Vectors.	Application for Permit to Import Infectious Biological Agents into the United States.	1,625	1	20/60
Applicants Requesting to Import Live Bats	Application for a Permit to Import Live Bats ..	10	1	20/60

LeRoy Richardson,

Chief, Information Collection Review Office, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Safety and Occupational Health Study Section (SOHSS), National Institute for Occupational Safety and Health (NIOSH or Institute)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Centers for Disease Control and Prevention (CDC) announces the following meeting of the aforementioned committee:

Times and Dates:

8:00 a.m.–5:00 p.m., February 19, 2014 (Closed)

8:00 a.m.–5:00 p.m., February 20, 2014 (Closed)

8:00 a.m.–5:00 p.m., February 21, 2014 (Closed)

Place: Embassy Suites, 1900 Diagonal Road, Alexandria, Virginia 22314, Telephone: (703) 684–5900, Fax: (703) 684–0653.

Purpose: The Safety and Occupational Health Study Section will review, discuss, and evaluate grant application(s) received in response to the Institute's standard grants review and funding cycles pertaining to research issues in occupational safety and health, and allied areas.

It is the intent of NIOSH to support broad-based research endeavors in keeping with the Institute's program goals. This will lead to improved understanding and appreciation for the magnitude of the aggregate health burden associated with occupational injuries and illnesses, as well as to support more focused research projects, which will lead to improvements in the delivery of occupational safety and health services, and the prevention of work-related injury and illness. It is anticipated that research funded will promote these program goals.

Matters to Be Discussed: The meeting will convene to address matters related

to the conduct of Study Section business and for the study section to consider safety and occupational health-related grant applications.

These portions of the meeting will be closed to the public in accordance with provisions set forth in Section 552b(c)(4) and (6), Title 5 U.S.C., and the Determination of the Director, Management Analysis and Services Office, Centers for Disease Control and Prevention, pursuant to Section 10(d) Public Law 92–463.

Agenda items are subject to change as priorities dictate.

Contact Person For More Information: Price Connor, Ph.D., NIOSH Health Scientist, CDC, 2400 Executive Parkway, Mailstop E–20, Atlanta, Georgia 30345, Telephone: (404) 498–2511, Fax: (404) 498–2571.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and

Prevention and the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Advisory Committee on Breast Cancer in Young Women (ACBCYW)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), announces the following meeting of the aforementioned committee:

Time and Date: 9:00 a.m.–3:00 p.m. EST, January 9, 2014.

Place: The meeting will be held via Teleconference.

Limited teleconference access is also available. Teleconference login information is as follows:

For Public:
TOLL-FREE PHONE #: 888-989-8135
Participant passcode: BREASTCANCER or 273278226237

For Public:
Net Conference URL: <https://www.mymeetings.com/nc/join/>
Conference number: PW3233834
Audience passcode: BREASTCANCER or
Public can join the event directly at:
<https://www.mymeetings.com/nc/join.php?i=PW3233834&p=BREASTCANCER&t=c>.

There is also a toll free number for anyone outside of the USA: TOLL #: 1-203-827-7034.

Participant passcode: BREASTCANCER or 273278226237.

Status: Open to the public, limited only by the net conference and audio phone lines available.

Purpose: The committee provides advice and guidance to the Secretary, HHS; the Assistant Secretary for Health; and the Director, CDC, regarding the formative research, development, implementation and evaluation of evidence-based activities designed to prevent breast cancer (particularly among those at heightened risk) and promote the early detection and support of young women who develop the disease. The advice provided by the Committee will assist in ensuring scientific quality, timeliness, utility, and

dissemination of credible appropriate messages and resource materials.

Matters To Be Discussed: The agenda will include discussions on the current and emerging topics related to breast cancer in young women. These may include risk communication and health education, as well as approaches to increase awareness of clinicians/practitioners regarding topics such as breast cancer risk, breast health, symptoms, diagnosis, and treatment of breast cancer in young women.

Agenda items are subject to change as priorities dictate.

Online Registration Required: All ACBCYW Meeting participants must register for the meeting online at least 5 days in advance at http://www.cdc.gov/cancer/breast/what_cdc_is_doing/meetings.htm. Please complete all the required fields before submitting your registration and submit no later than January 5, 2014.

Contact Person For More Information: Temeika L. Fairley, Ph.D., Designated Federal Officer, National Center for Chronic Disease Prevention and Health Promotion, CDC, 4770 Buford Highway NE., Mailstop K52, Atlanta, Georgia 30341, Telephone (770) 488-4518, Fax (770) 488-4760 Email: acbcyw@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention, and Agency for Toxic Substances and Disease Registry.
