**Reasonable Charges for Medical Care or Services; V3.14, 2014 Calendar Year Update and National Average Administrative Prescription Drug Charge Update**

**AGENCY:** Department of Veterans Affairs.  
**ACTION:** Notice.  
**SUMMARY:** This Department of Veterans Affairs (VA) notice informs the public of the updated data for calculating the 'Reasonable Charges' collected or recovered by VA for medical care or services and the updated "National Average Administrative Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but provided or furnished by VA to a veteran for: (1) A non-service-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a nonservice-connected disability incurred in connection with VA's provision of care or services furnished by VA to a veteran for: (1) A nonservice-connected disability; or (2) a nonservice-connected disability incurred as a result of a motor vehicle accident in a state that requires automobile accident reparations insurance.

The regulation at 38 CFR 17.101 includes methodologies for establishing billed amounts for the following types of charges: acute inpatient facility charges; skilled nursing facility and subacute inpatient facility charges; partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by Healthcare Common Procedure Coding System (HCPCS) Level II codes. In cases where VA has not established charges for medical care or services provided or furnished at VA expense (by either VA or non-VA providers) under other provisions or regulations, the method for determining VA's charges is set forth at 38 CFR 17.101(a)(8).

The regulation provides that the actual charge amounts at individual VA facilities based on these methodologies and the data sources used for calculating those actual charge amounts will either be published as a notice in the Federal Register or will be posted on the Internet site of the Veterans Health Administration Chief Business Office at [http://www1.va.gov/CBO/apps/rates/index.asp](http://www1.va.gov/CBO/apps/rates/index.asp). Certain charges are hereby updated as described below, effective January 1, 2014.
