SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 *et seq.*) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR 17, the Act provides for permits and requires that we invite public comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittees to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Endangered and Threatened Wildlife and Plants; Enhancement of Survival Permit Application; Draft Oil and Gas Candidate Conservation Agreement With Assurances for the Lesser Prairie-Chicken; Draft Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), received an application for an enhancement of survival permit (permit) under the Endangered Species Act of 1973, as amended (ESA), for take associated with implementation of a lesser prairie-chicken Candidate Conservation Agreement with Assurances (CCAA) throughout the species' range in Kansas, Colorado, Oklahoma, New Mexico, and Texas. The intent of the CCAA is to provide the oil and gas industry with the opportunity to voluntarily conserve the lesser prairie-chicken and its habitat, in a manner that would contribute to precluding the need to list the species, while carrying out their oil and gas activities. The Western Association of Fish and Wildlife Agencies (WAFWA) is the permit applicant and proposes to convey incidental take authorization to oil and gas companies that enroll in the CCAA through certificates of inclusion. Pursuant to the National Environmental Policy Act (NEPA), we have prepared a draft environmental assessment (EA) that analyzes the potential impacts of issuance of the permit and implementation of the proposed CCAA, as well as two alternatives to the proposed action. The permit application, draft CCAA, and draft EA
