The Consent Order: The Consent Order requires that with regard to covered Government programs, (1) ULA afford all space vehicle manufacturers non-discriminatory treatment for launch services that ULA may provide, and that (2) LMC and Boeing, as space vehicle manufacturers, consider all qualified launch service providers on a non-discriminatory basis. Covered programs are Government programs which are delivered in orbit and utilize medium-to-heavy launch services. The Consent Order also requires firewalls to prevent information from a space vehicle provider being shared by ULA with its Boeing or LMC parent company. Similarly, Boeing and LMC must have firewalls to ensure that other launch service information is not shared with ULA. The Consent Order also requires that the Department of Defense appoint a Compliance Officer to oversee compliance with the Consent Order by all three Respondents. The Consent Order remains in full effect through 30 April 2017. The complete text of the ULA Consent Order and supplementary information is located on the following FTC Web site: <http://www.ftc.gov/os/caselist/0510165/0510165.shtm>.
