On November 19, 2010, the FCC adopted a Notice of Proposed Rulemaking (NPRM), Amendment of Part 1 of the Commission’s Rules Concerning Practice and Procedure, Amendment of CORES Registration System, MD Docket No. 10–234, FCC 10–192. The NPRM has proposed to eliminate some of the FCC’s exceptions to the requirement that entities and individuals provide their Taxpayer Identification Number (“TIN”) at the time of registration; require FRN holders to provide their email address(es); give FRN holders the option to identify multiple points of contact; and require FRN holders to indicate their tax-exempt status and notify the Commission of pending bankruptcy proceedings. All remaining existing information collection requirements would stay as they are.

Privacy Impact Assessment: A Privacy Impact Assessment (PIA) covering the information system for this information collection is posted at: http://transition.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html.

Nature and Extent of Confidentiality: The FCC is not requesting that respondents submit confidential information to the Commission. If the FCC requests that respondents submit information which respondents believe is confidential, respondents may request confidential treatment of such information pursuant to Section 0.459 of the FCC’s rules, 47 CFR Section 0.459. The FCC has a system of records, FCC/OMD–9, “Commission Registration System (CORES),” to cover the collection, purpose(s), storage, safeguards, and disposal of the personally identifiable information (PII) that individual respondents may submit on FCC Form 161, which is posted at: http://transition.fcc.gov/omd/privacyact/records-systems.html.

The FCC will also redact PII submitted on this form before it makes FCC Form 161 available for public inspection. FCC Form 161 includes a “privacy statement” to inform applicants (respondents) of the FCC’s need to obtain the information and the protections that the FCC has in place to protect PII.

Needs and Uses: After respondents have registered in the FCC’s Commission Registration System (CORES) and have been issued a FCC Registration Number (FRN), they may use FCC Form 161 to update and/or change their contact information, including name, address, telephone number, email address(es), fax number, contact representative, contact representative’s address, telephone number, email address(es), fax number, Respondents may also update their registration information in CORES on-line at www.fcc.gov/frnreg. The Commission uses this information to collect or report on any delinquent debt arising from the respondent’s business dealings with the FCC, including both “feeable” and “nonfeeable” services; and to ensure that registrants (respondents) receive any refunds due. Use of the CORES System is also a means of ensuring that the Commission operates in compliance with the Debt Collection Improvement Act of 1996 (DCIA).

The FCC is currently sending confirmations of CORES registrations and updates by U.S. Postal Service. The FCC will transition to sending confirmations by email where we have email addresses for the CORES registrants. This is being done because: (1) emailing confirmations instead of sending hard copies will save the FCC considerable money, including labor, paper and postage; and (2) additionally, it is more efficient to transmit confirmations electronically on a real-time basis.

**Agency form number:** FR Y–15.

**OMB Control number:** 7100–0352.

**Effective Date:** December 31, 2013.

**Frequency:** Annually.

**Reporters:** U.S. Bank Holding Companies (BHCs) with total consolidated assets of $50 billion or more, and any U.S.-based organizations identified as global systemically important banks (GSIBs) that do not otherwise meet the consolidated assets threshold for BHCs.

**Estimated average hours per response:** 295 hours.

**Number of respondents:** 33.

**General description of report:** This information collection is mandatory pursuant to section 5 of the BHC Act (12 U.S.C. 1844(c)). Except as otherwise noted, the collected information will be made available to the public for report dates beginning December 31, 2013. The following line items will be kept confidential until the first reporting date after the U.S. rule implementing the liquidity coverage ratio (LCR) is finalized: Schedule D, items 7 and 8.

Though confidential treatment will not be routinely given to the financial data in this report, respondents may request such treatment for any information that they believe is subject to an exemption from disclosure pursuant to sections (b)(4), (b)(6), or (b)(8) of the Freedom of Information Act (FOIA) (5 U.S.C. 522(b)(4), (b)(6), and (b)(8)).

**Abstract:** The FR Y–15, which was derived from a Basel data collection aimed at measuring systemic importance, was implemented in December 2012 (77 FR 76484). In addition to (i) facilitating the future implementation of the GSIB surcharge through regulation, (ii) identifying institutions that may be domestic systemically important banks (DSIBs) under a future framework and (iii) analyzing the systemic risk implications of proposed mergers and acquisitions, the Federal Reserve uses the FR Y–15 data to monitor, on an ongoing basis, the systemic risk profile of the institutions which are subject to enhanced prudential standards under section 165 of the Dodd–Frank Wall Street Reform and Consumer Protection Act (DFA). Current Actions: On August 30, 2013, the Federal Reserve published a notice.
