FY 2012 Race to the Top District grantees.

In order to fulfill our responsibilities for programmatic oversight and public reporting, the Department has developed a Race to the Top District Annual Performance Report (APR) that is tied directly to the FY 2012 and FY 2013 Race to the Top District selection criteria and priorities previously established and published in the Federal Register. The report is grounded in the key performance targets included in grantees approved Race to the Top District plans. Grantees will be required to report on their progress implementing student outcomes and implementing personalized learning environments, including narrative sections on progress and key performance indicators. Each grantee district will submit a Race to the Top District APR on an annual basis. The first report for the 16 FY 2012 districts is anticipated to be collected during spring 2014 with FY 2013 grantees reporting for the first time in spring 2015. Districts will submit the narrative and quantitative measures via an online data collection platform that will then be converted into a transparent public display.
