SUPPLEMENTARY INFORMATION: The Department of Commerce, International Trade Administration, Office of Advisory Committees and Industry Outreach, is accepting applications for United States Travel and Tourism Advisory Board (Board) members. The Board was established pursuant to the

Department of Commerce's authority under 15 U.S.C. 1512 and under the Federal Advisory Committee Act, as amended, 5 U.S.C. App. (FACA), to advise the Secretary of Commerce (Secretary) on matters relating to the U.S. travel and tourism industry. The Board provides a means of ensuring regular contact between the U.S. Government and the travel and tourism industry. The Board advises the Secretary on government policies and programs that affect United States travel and tourism, including the implementation of the National Travel and Tourism Strategy, and the Board serves as a forum for discussing and proposing solutions to industry-related problems. The Board acts as a liaison among the stakeholders represented by the membership and provides a forum for those stakeholders on current and emerging issues in the travel and tourism sector. The Board recommends ways to ensure that the United States remains the preeminent destination for international visitation and tourism throughout the world.

Members shall represent companies and organizations in the travel and tourism sector from a broad range of products and services, company sizes, and geographic locations and shall be drawn from large, medium, and small travel and tourism companies, private-sector organizations involved in the export of travel and tourism-related products and services, and other tourism-related entities.

Each Board member shall serve as the representative of a U.S. company in the travel and tourism industry, a private sector U.S. organization involved in the export of travel and tourism-related products and services, or a tourism-related U.S. entity. For eligibility purposes, a "U.S. company" is a for-profit firm that is incorporated in the United States (or an unincorporated U.S. firm with its principal place of business in the United States) that is controlled by U.S. citizens or by other U.S. companies. A company is not a U.S. company if 50 percent plus one share of its stock (if a corporation, or a similar ownership interest of an unincorporated entity) is known to be controlled, directly or indirectly, by non-U.S. citizens or non-U.S. companies. For eligibility purposes, a "U.S. organization" is an organization, including trade associations and nongovernmental organizations (NGOs), established under the laws of the United States, that is controlled by U.S. citizens, by another U.S. organization (or organizations), or by a U.S. company (or companies), as determined based on its board of directors (or comparable

governing body), membership, and funding sources, as applicable. For eligibility purposes, a U.S. entity is a tourism-related entity that can demonstrate U.S. ownership or control, including but not limited to state and local tourism marketing entities, state government tourism offices, state and/or local government-supported tourism marketing entities, and multi-state tourism marketing entities.

Members of the Board will be selected, in accordance with applicable Department of Commerce guidelines, based on their ability to carry out the objectives of the Board as set forth above. Members of the Board shall be selected in a manner that ensures that the Board is balanced in terms of points of view, industry subsector, range of products and services, demographics, geography, and company size.

Additional factors which will be considered in the selection of Board members include candidates' proven experience in the strategic development and management of travel and tourism-related or other service-related organizations; or the candidate's proven experience in promoting, developing, and implementing advertising and marketing programs for travel-related or tourism-related industries.

Priority may be given to a Chief Executive Officer, Executive Director, or President (or comparable level of responsibility) of a U.S. company, U.S. organization, or U.S. entity in the travel and tourism sector.

Members shall serve a term of two years from the date of appointment, at the pleasure of the Secretary of Commerce. Although the Board's current charter terminates in September 2015, it is anticipated that it will be rechartered.

Members shall serve in a representative capacity, representing the views and interests of their particular industry subsector. Board members are not special government employees, and will receive no compensation for their participation in Board activities. Members participating in Board meetings and events will be responsible for their travel, living and other personal expenses. Meetings will be held regularly and, to the extent practical, not less than twice annually, usually in Washington, DC.

Coastal Nonpoint Pollution Control Program: Intent To Find That Oregon Has Failed To Submit an Approvable Coastal Nonpoint Pollution Control Program

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and the U.S. Environmental Protection Agency.

ACTION: Notice of intent to find that Oregon has failed to submit an approvable coastal nonpoint program.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) invite public comment on the intent of the two agencies to find that Oregon has failed to submit an approvable Coastal Nonpoint Pollution Control Program. The Coastal Zone Act Reauthorization Amendments (CZARA) directs states and territories with coastal zone management programs previously approved under Section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs, which must be submitted to NOAA and EPA for approval. Prior to making such a finding, NOAA and EPA invite public input on the two federal agencies' reasoning particularly because, among other things, a finding that a state has failed to submit an approvable program would lead to adverse financial consequences for the State in terms of federal grant funding.

DATES: Individuals or organizations wishing to submit comments on the draft findings document should do so by March 20, 2014.

ADDRESSES: Comments should be made to: Joelle Gore, Acting Chief, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone (301) 713-3155, x177, email joelle.gore@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Allison Castellan, Coastal Programs Division, (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone (301) 713-3155, x125, email Allison.Castellan@noaa.gov.

(Federal Domestic Assistance Catalog 11.419 Coastal Zone Management Program Administration)

SUPPLEMENTARY INFORMATION: NOAA and EPA (federal agencies) propose to find, and invite public comment on the proposed findings, that Oregon has failed to submit an approvable coastal nonpoint program. Section 6217(a) of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. section 1455b(a), requires that each state (or territory) with a coastal zone management program previously approved under section 306 of the Coastal Zone Management Act must prepare and submit to the federal agencies a coastal nonpoint pollution control program for approval. Coastal nonpoint pollution control programs were to be submitted for approval by July 1995. Oregon submitted its program to the federal agencies for approval. The federal agencies provided public notice of and invited public comment on their proposal to approve, with conditions, the Oregon program (62 FR 6216). The federal agencies approved the program by letter dated January 13, 1998, subject to the conditions specified in the letter (63 FR 11655).

Over time, Oregon made incremental changes to its program in order to satisfy the identified conditions. As explained in the proposed findings document, however, the federal agencies propose to find that the State has not yet submitted an approvable program to meet the full range of conditions and the federal agencies intend to find that the State has failed to submit a program that is approvable under CZARA. The proposed findings document describes why the State program has not yet satisfied three of the remaining conditions that relate to controlling adverse water quality impacts from forestry, new development, and onsite sewage disposal systems. The federal agencies also invite public comment on whether the State program includes agricultural management measures necessary to achieve and maintain water quality standards as provided in CZARA section 6217(b)(3), 16 U.S.C. section 1455b(b)(3).

The federal agencies have not, in the past, found that a state has failed to submit an approvable program under CZARA. The proposed findings document that would support a final determination by each federal agency of a failure is available for a 90-day public comment period. The proposed findings document and supporting information used to make this decision is available for download on the NOAA Web site at <http://coastalmanagement.noaa.gov/czm/6217/findings.html>.
