

approved by OMB under control number 1212-0036 (expires December 31, 2013). PBGC is requesting that OMB extend its approval for three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The modifications include a new requirement that plan administrators of plans terminating in a standard termination attach copies of the Notice of Intent to Terminate and sample Notices of Plan Benefits to the Standard Termination Notice (Form 500) filed with PBGC. PBGC is reorganizing the distress termination forms and instructions, including removing information items that PBGC no longer needs or can gather in other ways, adding a few information items that PBGC typically has been requesting as additional information under 29 CFR 4041.45(c), and moving some information items from one form to another. PBGC is also making clarifying, simplifying, editorial, and other changes to the current standard termination, distress termination, and missing participants forms and instructions.

PBGC estimates that 1,430 plan administrators will be subject to the collection of information requirements in PBGC's regulations on termination and missing participants and implementing forms and instructions each year, and that the total annual burden of complying with these requirements is 1,667 hours and \$2,761,200.

Issued in Washington, DC, this 16th day of December 2013.
