SUPPLEMENTARY INFORMATION:

I. Abstract

The IDEIA, 20 U.S.C. 1411(h)(4)(c) and 1443(b)(3) require tribes and tribal organizations to submit certain information to the Secretary of the Interior. Under the IDEIA, the U.S. Department of Education provides funding to the Secretary of the Interior for the coordination of assistance for special education and related services for Indian children aged 0 to 5 with disabilities on reservations served by Bureau-funded schools. The Secretary of the Interior, through the BIE, then allocates this funding to tribes and tribal organizations based on the number of such children served. In order to allow the Secretary of the Interior to determine what amounts to allocate to whom, the IDEIA requires tribes and tribal organizations to submit information to Interior. The BIE collects this information on two forms, one for Indian children aged 3 to 5 covered by IDEIA Part B, and one for Indian children aged 0 to 2 covered by IDEIA Part C.

In IDEIA Part B—Assistance for Education of All Children with

Disabilities, 20 U.S.C. 1411(h)(4)(D) requires tribes to and tribal organizations to use the funds to assist in child find, screening, and other procedures for the early identification of Indian children aged 3 through 5, parent training, and the provision of direct services. In IDEIA Part C—Infants and Toddlers with Disabilities, 20 U.S.C. 1443(b)(4) likewise requires tribes and tribal organizations to use the fund to assist in child find, screening, and other procedures for early identification of Indian children under 3 years of age and for parent training, and early intervention services.

II. Request for Comments

The BIE requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Realty Action: Recreation and Public Purposes Act Classification of Public Land in Sierra County, NM

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) has examined 30.12 acres of public land in Sierra County, New Mexico, and found them suitable for classification for conveyance under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended. A closed landfill currently exists on the property under an R&PP Act lease, and the City of Truth or Consequences proposes to continue its use for the existing landfill. The land is not needed for any Federal purpose and is encumbered by an existing landfill. A conveyance would allow the City of Truth or Consequences to continue monitoring the landfill in accordance with the approved closure plan.

DATES: Interested parties may submit comments regarding the proposed conveyance or classification of the land until February 6, 2014.

SUPPLEMENTARY INFORMATION:

In accordance with Section 7 of the Taylor Grazing Act, (43 U.S.C. 315f), and Executive Order No. 6910, the following described public land in Sierra County, New Mexico, has been examined and found suitable for classification for conveyance under the provisions of the R&PP Act, as amended, (43 U.S.C. 869 *et seq.*):

New Mexico Principal Meridian, New Mexico

T. 13 S., R. 4 W.,
Sec. 22, lot 3.

The area described contains 30.12 acres.

The described public land was previously classified for lease under the R&PP Act on August 14, 1959, and was leased to the City of Truth or Consequences on March 20, 1961.

The landfill was closed in 1974 and has continued to be closed to municipal waste disposal since the date of closure. Throughout the years, the City of Truth or Consequences has maintained the area as a closed landfill in anticipation that any future development of the property would not conflict with the approved landfill closure plan. In accordance with the R&PP Act of June 14, 1926, as amended, the City of Truth or Consequences filed an application for purchase of the above-described 30.12 acres of public land. The land is not needed for any Federal purpose. The conveyance is consistent with the White Sands Resource Management Plan, dated October 1986, and would be in the public's interest. The patent, if

issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior, including, but not limited to the provisions at 43 CFR part 2743. The conveyance, when issued, will contain the following terms, conditions, and reservations to the United States:

1. Reservation of rights-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. Reservation of all the mineral deposits in the lands so patented, and the right of the United States, or persons authorized by the United States, to prospect for, mine, and remove such deposits from the same under applicable laws and regulations as the Secretary of the Interior may prescribe.

3. The patent will be subject to all valid existing rights documented on official public land records at the time of patent issuance.

4. No portion of the land patented shall revert back to the United States under any circumstance. In addition, the patentee will comply with all Federal and State laws applicable to the disposal, placement, or release of hazardous substances (substance as defined in 40 CFR part 302) and indemnify the United States against any legal liability or future costs that may arise out of any violation of such laws.

5. The above described land has been used for solid waste disposal. Solid waste commonly includes small quantities of commercial hazardous waste and household hazardous waste as determined in the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6901) and defined in 40 CFR 261.4 and 271.5. Although there is no indication these materials pose any significant risk to human health, or the environment, future land uses should be limited to those which do not penetrate the liner or final cover of the landfill unless excavation is conducted subject to applicable State and Federal requirements.

6. The purchaser (patentee), by accepting a patent, covenants and agrees to indemnify, defend and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the patentee or its employees, agents, contractors, lessees, or any third party, arising out of or in connection with the patentee's use, occupancy, or operations on the patented real property. This indemnification and hold harmless
