and test development and delivery. FMCSA asks listening session participants to consider the following questions in preparing to make comments at the listening session:

- Should the exam be limited to the applicable FMCSA regulations or include both the regulations and industry best practices?
- If the exam covers industry best practices, what specific best practices should be included on the exam?
- What industry best practices manuals/publications are available for new entrants to study prior to taking a proficiency exam?
- Are private-sector training courses available to teach new entrants industry best practices?
- Should FMCSA limit the exam to company officers or employees responsible for safety and compliance, or should the Agency allow safety consultants to complete the exam on behalf of the new entrant?
- Should the test results be linked to specific individuals identified on the registration application with a requirement that the new entrant entity have a “certified” individual who passed the exam in a position responsible for safety and compliance? And should the new entrant be required to update their registration information whenever these individuals are replaced/reassigned during the new entrant monitoring/oversight period?
- MAP–21 requires freight forwarders and brokers to renew their registration authority every 5 years. Should the new entrant testing rule require a new test (i.e., recertification test) to accompany the freight forwarder or broker renewal application?
- Should the FMCSA develop and deliver the test directly to the new entrant applicants, or should the Agency rely on a private sector entity to handle the testing, with the results being transmitted directly to FMCSA?
- Do private sector companies or organizations currently conduct testing concerning industry best practices?
- Should the testing be conducted at testing centers, or should FMCSA allow on-line testing?

II. Meeting Participation and Information FMCSA Seeks From the Public

The listening session is open to the public. Speakers should try to limit their remarks to 5 minutes. No pre-registration is required. Attendees may submit material to the FMCSA staff at the session for inclusion in the public docket referenced at the beginning of this notice.

III. Webcasting of the Listening Session

FMCSA will webcast the listening session on the Internet. Information on how to participate via the Internet will be posted on the FMCSA Web site at www.fmcsa.dot.gov in advance of the listening session.

FMCSA will record the transcripts of the webcast, and a separate transcription of the listening session will be prepared by an official court reporter.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 16 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 16 applications for renewal on their merits and decided to extend each exemption for a renewal two-year period. They are:

Donald J. Bierwirth, Jr. (CT)
Arthur L. Bousema (CA)
Norman E. Braden (CO)
Matthew W. Daggis (MO)
Donald R. Date, Jr. (MD)
Gordon R. Fritz (WI)
Ronald K. Fultz (KY)
John E. Kimmel, Jr. (WA)
Robert C. Leathers (MO)
Jason L. Light (ID)
Kenneth R. Murphy (WA)
Michael J. Richard (LA)
Robert E. Sanders (PA)
Robert A Sherry (PA)
Stephen G. Sniffin (CT)
John R. Snyder (WA)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist’s or optometrist’s report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 16 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (65 FR 66286; 66 FR 13825; 66 FR 53926; 66 FR 66966; 68 FR 10300; 68 FR 37197; 68 FR 52811; 68 FR 61860; 68 FR 69434; 70 FR 41811; 70 FR 48797; 70 FR 48798; 70 FR 48799; 70 FR 48800; 70 FR 48801; 70 FR 57353; 70 FR 61165; 70 FR 71884; 70 FR 72689; 70 FR 74102; 71 FR 646; 71 FR 4632; 72 FR 52422; 72 FR 58359; 72 FR 62897; 72 FR 71995; 73 FR 1395; 73 FR 5259; 74 FR 60021; 74 FR 64124; 74 FR 65845; 75 FR 1451; 77 FR 545). Each of these 16 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision examination requirements.

These factors provide an adequate basis for predicting each driver’s ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver’s safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, 49 U.S.C requests that interested parties with specific data concerning the safety records of these drivers submit comments by January 27, 2014.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 16 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited Federal Register publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.
