results, Hitachi Metals will retain the antidumping duty deposit rate currently assigned to Hitachi Cable with respect to the subject merchandise (i.e., 0.00 percent). However, because cash deposits are only estimates of the amount of antidumping duties to be assessed, changes in cash deposit rates are not made retroactively. Therefore, no retroactive change will be made to Hitachi Metals’ cash deposit rate, as Hitachi Metals requested. If these preliminary results are adopted in the final results of this changed circumstances review, we will instruct U.S. Customs and Border Protection not to suspend liquidation of entries of SSSSC made by Hitachi Metals, effective on the publication date of the final results.

Public Comment

Interested parties may submit case briefs and/or written comments not later than 30 days after the date of publication of this notice. Rebuttal briefs and rebuttal written comments, which must be limited to issues raised in such briefs or comments, may be filed not later than 37 days after the date of publication of this notice. Parties who submit case or rebuttal briefs are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. All comments are to be filed electronically using Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS) available to registered users at http://iaaccess.trade.gov and in the Central Records Unit, Room 7046 of the main Department of Commerce building, and must also be served on interested parties. An electronically filed document must be received successfully in its entirety by IA ACCESS by 5:00 p.m. Eastern Standard Time on the day it is due.

Consistent with 19 CFR 351.216(e), we will issue the final results of this changed circumstances review no later than 270 days after the date on which this review was initiated, or within 45 days if all parties agree to our preliminary finding. We are issuing and publishing this finding and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216.

Steel Threaded Rod From Thailand: Preliminary Determination of Sales at Less Than Fair Value and Affirmative Preliminary Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the “Department”) preliminarily determines that steel threaded rod from Thailand is being, or is likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 733(b) of the Tariff Act of 1930, as amended (the “Act”). The period of investigation (“POI”) is April 1, 2012, through March 31, 2013. The estimated weighted-average dumping margins of sales at LTFV are listed in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination.

DATES: Effective Date: December 31, 2013.

FOR FURTHER INFORMATION CONTACT: Raquel Silva or Laurel LaCivita, AD/ CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6475 or (202) 482–4243.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The merchandise covered by this investigation is steel threaded rod. Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter, in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. In addition, the steel threaded rod, bar, or studs subject to this investigation are non-headed and threaded along greater than 25 percent of their total length. A variety of finishes or coatings, such as plain oil finish as a temporary rust protectant, zinc coating (i.e., galvanized, whether by electroplating or hot-dipping), paint, and other similar finishes and coatings, may be applied to the merchandise. For a complete description of the scope of the investigation, see Appendix 1 to this notice.

Tolling of Deadlines for Preliminary Determination

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013. Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. The revised deadline for the preliminary determination of this investigation is now December 20, 2013.

Methodology

The Department has conducted this investigation in accordance with section 731 of the Act. Because the only selected mandatory respondent, Tycoons Worldwide Group (Thailand) Public Co., Ltd. (“Tycoons”), failed to respond to the Department’s questionnaire, we have preliminarily determined to apply adverse facts available to this respondent, in accordance with section 776 if the Act and 19 CFR 351.308. The critical circumstances allegation has been analyzed in accordance with section 733(e)(1) of the Act and 19 CFR 351.206. For a full description of the methodology underlying our conclusions, see the Memorandum to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations entitled “Decision Memorandum for the Preliminary Determination of the Antidumping Duty Investigation of Steel Threaded Rod from Thailand,” dated concurrently with and hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at http://iaaccess.trade.gov, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at http://enforcement.trade.gov/frn/. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Affirmative Determination of Critical Circumstances

On November 22, 2013, Petitioners filed a timely critical circumstances allegation, pursuant to section 773(e)(1) of the Act and 19 CFR 351.206(c)(1), alleging that critical circumstances exist with respect to imports of the merchandise under consideration. In accordance with 19 CFR 351.206(c)(2)(i), when a critical circumstances allegation is submitted more than 20 days before the scheduled date of the preliminary determination, the Department must issue a preliminary finding whether there is a reasonable basis to believe or suspect that critical circumstances exist no later than the date of the preliminary determination. We have conducted an analysis of critical circumstances in accordance with section 733(c) of the Act and 19 CFR 351.206, and have preliminarily determined that: (1) Importers knew or should have known that the exporter was selling the merchandise under consideration at LTFV and that there was likely to be material injury in accordance with section 733(e)(1)(A)(ii) of the Act; and (2) imports of the subject merchandise have been massive over a relatively short period in accordance with section 733(e)(1)(B) of the Act. For a full description of the methodology and results of our analysis, please see the Preliminary Decision Memorandum.

All Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated “all others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or de minimis margins, and any margins determined entirely under section 776 of the Act. Tycoons is the only company being individually examined in this investigation, but its margin was determined entirely under section 776 of the Act. In cases where no weighted-average dumping margins besides zero de minimis, or determined entirely under section 776 of the Act have been established for individually investigated entities, the Department averages the margins calculated by the Petitioner in the petition and applies the result to all other entities not individually examined.

Preliminary Determination

We preliminary determine the weighted-average dumping margins are as follows:

<tr>
<th>Producer or exporter</th>
<th>Weighted-average dumping margin (percent)</th>

Disclosure

The Department intends to disclose to parties the calculations performed in connection with this preliminary determination within five days of the date of publication of this notice.

Public Comment

Interested parties are invited to comment on the preliminary determination. Interested parties may submit case briefs to the Department no later 30 days after the date of publication of the preliminary determination. Rebuttal briefs, the content of which is limited to the issues raised in the case briefs, must be filed within five days from the deadline date for the submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Interested parties who wish to comment on the preliminary determination must file briefs electronically using IA ACCESS. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5 p.m. Eastern Standard Time on the date the document is due.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, the Department will hold a hearing, if timely requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically using IA ACCESS, as noted above. An electronically filed request must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5 p.m. Eastern Standard Time within 30 days after the date of publication of this notice. Requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230. Parties should confirm by telephone the date, time, and location of the hearing.

Sodium Nitrite from the Federal Republic of Germany

In accordance with section 733(d)(2) of the Act, we normally will direct U.S. Customs and Border Protection (“CBP”) to suspend liquidation of all entries of steel threaded rod from Thailand, as described in the “Scope of the Investigation” section, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. However, because we have preliminarily found critical circumstances exist with regard to

The Department will instruct CBP to require Countervailing Duty Investigations, 76 FR 61042

Pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit equal to the preliminary weighted-average amount by which normal value exceeds U.S. price, as indicated in the chart above, as follows: (1) The rate for the firm listed above will be the rate we have determined in this preliminary determination; (2) if the exporter is not a firm identified in this investigation, but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 68.41 percent. These suspension of liquidation instructions will remain in effect until further notice.

In accordance with section 733(f) of the Act, we will notify the ITC of our preliminary affirmative determination of sales at LTFV. If our final determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of steel threaded rod from Thailand before the later of 120 days after the date of this preliminary determination or 45 days after our final determination.

This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: December 20, 2013.

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation is steel threaded rod. Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter, in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. In addition, the steel threaded rod, bar, or studs subject to this investigation are nonheaded and threaded along greater than 25 percent of their total length. A variety of finishes or coatings, such as plain oil finish as a temporary rust protectant, zinc coating (i.e., galvanized, whether by electroplating or hot-dipping), paint, and other similar finishes and coatings, may be applied to the merchandise.

Included in the scope of this investigation are steel threaded rod, bar, or studs, in which: (1) iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 0.10 percent of molybdenum, or
- 0.012 percent of boron, or
- 0.30 percent of tungsten, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 0.30 percent of chromium, or
- 1.25 percent of nickel, or
- 0.41 percent of titanium, or
- 0.10 percent of niobium, or
- 0.15 percent of vanadium, or
- 0.15 percent of zirconium.

Steel threaded rod is currently classifiable under subheadings 7318.15.5051, 7318.15.5056, 7318.15.5090 and 7318.20.305 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Excluded from the scope of this investigation are: (a) Threaded rod, bar, or studs which: (1) have a straight, or threaded length of less than 25 percent of the total length; and (b) threaded rod, bar, or studs made to American Society for Testing and Materials (“ASTM”) A193 Grade B7, ASTM A193 Grade B7M, ASTM A193 Grade B16, and ASTM A320 Grade L7.
