All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit (CRU), room 7046 of the main Department of Commerce building, as well as electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the CRU. Assessment Rates

The Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. Since the weighted-average dumping margin is above de minimis, we calculated importer-specific ad valorem duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review since the importer-specific assessment rate calculated in the final results of this review is above de minimis (i.e., 0.50 percent). Where either a respondent’s weighted-average dumping margin is zero or de minimis, or an importer-specific assessment rate is zero or de minimis, we instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its “automatic assessment” regulation on May 6, 2003.10 This clarification will apply to entries of subject merchandise during the POR produced by the respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see Assessment Policy Notice.

Cash Deposit Requirements

The following antidumping duty deposit rates will be effective upon publication of the final results of this administrative review for all shipments of steel plate from Belgium entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided for by section 751(a)(1) of the Tariff Act of 1930, as amended (the Act): (1) For ASB, the cash deposit rate will be the rate established in the final results of this review; (2) if the exporter is not a firm covered in this review, but was covered in a previous review or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, the cash deposit rate will be 8.54 percent ad valorem, the “all-others” rate established in the LTFV investigation.11 These deposit rates, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.12

Notification to Interested Parties

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction. These final results of review are issued and published in accordance with sections 751(a)(1) and 777(f)(1) of the Act and 19 CFR 351.213(b).

9 For a full description of the scope of the order, see the Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review of Stainless Steel Plate in Coils from Belgium; 2011–2012 from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, dated concurrent with and hereby adopted by this notice (Issues and Decision Memorandum).

(Mueller), Regiomontana de Perfiles y Tubos, S.A. de C.V. (Regiopytsa), and Tuberia Nacional, S.A. de C. V. (TUNA) made no shipments of subject merchandise during the period of review (POR). We made no changes to the Preliminary Results.

SUPPLEMENTARY INFORMATION:

Background

On August 9, 2013, the Department published the Preliminary Results in the Federal Register. In the Preliminary Results, the Department rescinded this administrative review with respect to four respondents for which reviews had been initiated but subsequently timely withdrawn (i.e., Conduit S.A. de C.V.; PYTCO, S.A. de C.V.; Southland Pipe Nipples Co., Inc., and Ternium Mexico, S.A. de C.V.). We also preliminarily determined that Lamina, Mueller, Regiopytsa, and TUNA made no shipments during the POR. We invited parties to comment on the Preliminary Results. We received no comments.

Scope of the Order

The products covered by this order are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). The merchandise covered by the order and subject to this review is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 7306.30.10, 7306.30.30, 7306.30.35, 7306.30.40, 7306.30.50, 7306.30.60, and 7306.30.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

Determination of No Shipments

As noted in the Preliminary Results, we received no-shipments claims from Lamina, Mueller, Regiopytsa, and TUNA, and we confirmed these claims with U.S. Customs and Border Protection (CBP). Because we continue to find that the record indicates that Lamina, Mueller, Regiopytsa, and TUNA did not export subject merchandise to the United States during the POR, we determine that they had no reviewable transactions during the POR.

Assessment

The Department will determine, and CBP shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1) of the Act and 19 CFR 351.212(b). We will issue appraisement instructions directly to CBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. Pursuant to 19 CFR 356.2(a), the Department intends to issue assessment instructions to CBP 41 days after the date of publication of these final results of review.

On May 6, 2003, the Department clarified its “automatic assessment” regulation. This clarification will apply to entries of subject merchandise during the POR for which the reviewed company did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

For all entries by Lamina, Mueller, Regiopytsa, and TUNA, we will instruct CBP to assess antidumping duties in accordance with the reseller policy.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption, on or after the publication date of these final results of administrative review, consistent with section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the reviewed companies will continue to be the company-specific rates published for the most recently completed segment in which the company participated; (2) for merchandise exported by producers or exporters not covered in this review, but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in a prior segment of this proceeding, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the subject
