The Postal Service identifies three areas where the GEPS-NPR 4 Version 2 model contract differs from the revised GEPS-NPR 4 model contract: (1) The ACR docket numbers in Article 19 have been updated; (2) the docket number in the last sentence of Article 19 has been revised to reflect that GEPS-NPR 4 Version 2 contracts will be filed in this docket, rather than the GEPS-NPR 4 docket; and (3) in the footer of each page of the agreement, "2013" has been replaced with "2014", and in the footer of the annexes to the agreement, "13" has been replaced with "14." *Id.*

Each contract will expire the later of 1 year from the effective date or the last day of the month which falls one calendar year from the effective date unless terminated sooner. *Id.*

The Postal Service filed many of the supporting materials, including the related model contract, under seal. *Id.* Attachment 1. It maintains that the redacted portions of the materials should remain confidential as sensitive business information. *Id.* at 4. This information includes sensitive commercial information concerning the incentive discounts and their formulation, applicable cost coverage, and non-published rates, as well as some customer-identifying information. *Id.*

- I. Introduction
- II. Request
- III. Further Procedures

I. Introduction

On December 27, 2013, the Postal Service filed a request pursuant to 39 U.S.C. 3661 for an advisory opinion from the Commission regarding potential changes in the manner in which it processes and dispatches Standard Mail that qualifies for a

Destination Sectional Center Facility (DSCF) discounted rate.¹ This operational change may result in a nationwide change in the nature of postal services since it would change the delivery day service standards for DSCF Standard Mail accepted on Fridays and Saturdays. DSCF Standard Mail entered Sunday through Thursday is not expected to change under the proposal. *Id.* at 5.

II. Request

The Postal Service explains that due to the relationship between mail entry patterns for DSCF Standard Mail and the applicable 3-day service standard, the Postal Service currently delivers a disproportionate amount of DSCF Standard Mail on Mondays. *Id.* at 1. The Postal Service's plan, called the “Load Leveling Plan,” is to more evenly distribute the volume of DSCF Standard Mail pieces delivered by carriers throughout the week. *Id.* at 1–2. The Load Leveling Plan would adjust operations in a manner that will level the load of the DSCF Standard Mail delivered throughout the week and remove the disproportionate burden associated with Monday Standard Mail delivery. *Id.* at 2.

In support of its Request, the Postal Service filed the direct testimony of two witnesses.² The testimonies describe the details of the Load Leveling Plan, including the basis for the plan, the process through which the plan was developed, and the future implementation of the plan. The testimony of witness Malone (USPS–T–1) describes the Postal Service's consultations with mailers regarding the load leveling issue and its collaboration with mailers in designing and conducting a test of the Load Leveling Plan in the service area of the South Jersey administrative district. Malone's testimony also summarizes the results of the South Jersey Operations Test and the Postal Service's expectations regarding a national roll-out of the Load Leveling Plan. The testimony of witness Anderson (USPS–T–2) offers observations about the effects of the South Jersey Operations Test and also discusses the expected impact that the Load Leveling Plan would have in the South Jersey District.

As part of its request, the Postal Service filed a notice of two Category 2

¹ United States Postal Service Request for an Advisory Opinion on Changes in the Nature of Postal Services, December 27, 2013 (Request).

² Direct Testimony of Linda M. Malone on Behalf of the United States Postal Service (USPS–T–1), December 27, 2013; and Direct Testimony of Mark H. Anderson on Behalf of the United States Postal Service (USPS–T–2), December 27, 2013.
