

and Michaud Allotments. If livestock grazing is reauthorized, the responsible official will also decide on basic elements of an allotment management plan: livestock management objectives, practices (including maximum amount of use to meet management objectives), structural and non-structural improvements necessary to meet management objectives, and a monitoring plan to determine whether management objectives are being met and adaptive management measures needed.

### Preliminary Issues

Preliminary issues identified include the rate of improvement on riparian and upland vegetation, aquatic resources, and recreation conflict use.

### Scoping Process

This notice of intent initiates the official notice and comment period. Previous public scoping for this project occurred in December 2010.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.

Dated: January 8, 2014.
