SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71283; File No. SR-MIAX-2013-63]

Self-Regulatory Organizations: Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by Miami International Securities Exchange LLC To Continue Its Priority Customer Rebate Program on an Ongoing Basis

January 10, 2014.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 30, 2013, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission

(“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to adopt a Priority Customer Rebate Program. The text of the proposed rule change is available on the Exchange’s Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to continue its Priority Customer Rebate Program (the “Program”) on an ongoing basis beyond the current expiration date of December 31, 2013. The Program currently applies to the period beginning December 1, 2013 and ending December 31, 2013.³ The Program is based on the substantially similar fees of another competing options exchange.⁴ Under the Program, the Exchange shall credit each Member the per contract amount set forth in the table below resulting from each Priority Customer⁵ order transmitted by that Member which is executed on the Exchange in all multiply-listed option classes (excluding mini-options and executions related to contracts that are routed to one or more exchanges in connection with the Options Order Protection and Locked/Crossed Market Plan referenced in Rule 1400), provided the Member meets certain volume thresholds in a month as described below. The volume thresholds are calculated based on the customer average daily volume over the course of the month. Volume will be recorded for and credits will be delivered to the Member Firm that submits the order to the Exchange.

| Percentage thresholds of national customer volume in multiply-listed options classes listed on MIAX (monthly) | Per contract credit |
|---|---------------------|
| 0.00%–0.25% | \$0.00 |
| Above 0.25%–0.35% | 0.10 |
| Above 0.35%–0.75% | 0.15 |
| Above 0.75%–1.50% | 0.17 |
| Above 1.50% | 0.18 |

The Exchange will aggregate the contracts resulting from Priority Customer orders transmitted and executed electronically on the Exchange from affiliated Members for purposes of the thresholds above, provided there is at least 75% common ownership between the firms as reflected on each firm’s Form BD, Schedule A. In the event of a MIAX System outage or other interruption of electronic trading on MIAX, the Exchange will adjust the national customer volume in multiply-listed options for the duration of the outage. A Member may request to

receive its credit under the Priority Customer Rebate Program as a separate direct payment.

In addition, the rebate payments will be calculated from the first executed contract at the applicable threshold per contract credit with the rebate payments made at the highest achieved volume tier for each contract traded in that month. For example, if Member Firm XYZ, Inc. (“XYZ”) has enough Priority Customer contracts to achieve 2.5% of the national customer volume in multiply-listed option contracts during the month of October, XYZ will receive

a credit of \$0.18 for each Priority Customer contract executed in the month of October.

The purpose of the Program is to encourage Members to direct greater Priority Customer trade volume to the Exchange. Increased Priority Customer volume will provide for greater liquidity, which benefits all market participants. The practice of incentivizing increased retail customer order flow in order to attract professional liquidity providers (Market-Makers) is, and has been, commonly practiced in the options
