B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapters 35.

Dated: January 16, 2014.

Colette Pollard,

Department Reports Management Officer, Office of the Chief Information Officer.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5752-N-04]

30-Day Notice of Proposed Information Collection: Survey of Market Absorption of New Multifamily Units

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: HUD has submitted the proposed information collection requirement described below to the Office of Management and Budget (OMB) for review, in accordance with the Paperwork Reduction Act. The purpose of this notice is to allow for an additional 30 days of public comment.

DATES: *Comments Due Date:* February 24, 2014.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. Email: OIRA_Submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410; email Colette.Pollard@hud.gov or telephone 202-402-3400. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on October 3, 2013.

A. Overview of Information Collection

Title of Information Collection: Survey of Market Absorption of New Multifamily Units.

OMB Approval Number: 2528-0013.

Type of Request: Revision of a currently approved collection.

Form Number: H-31.

Description of the need for the information and proposed use: The Survey of Market Absorption (SOMA) provides the data necessary to measure the rate at which new rental apartments and new condominium apartments are absorbed; that is, taken off the market, usually by being rented or sold, over the course of the first twelve months following completion of a building. The data are collected at quarterly intervals until the twelve months conclude, or until the units in a building are completely absorbed. The survey also provides estimates of certain characteristics, including asking rent/price, number of units, and number of bedrooms. The survey provides a basis for analyzing the degree to which new apartment construction is meeting the present and future needs of the public. Beginning April 2014 the survey will transition from paper questionnaire to

Computer-Assisted Personal Interviewing (CAPI).

Respondents (i.e. affected public): Rental Agents/Builders.

Estimated Number of Respondents: 12,000 yearly (maximum).

Estimated Time per Response: 15 minutes/initial interview and 5 minutes for any subsequent interviews (up to three additional, if necessary).

Frequency of Response: Four times (maximum).

Estimated Total Annual Burden Hours: 6,000 (12,000 buildings × 30 minutes).

Estimated Total Annual Cost: The only cost to respondents is that of their time. The total estimated cost in FY 2014 is \$1,750,000.

Respondent's Obligation: Voluntary.

Legal Authority: The survey is taken under Title 12, United States Code, Section 1701Z.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. HUD encourages interested parties to submit comment in response to these questions.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on September 16, 2013.

A. Overview of Information Collection

Title of Information Collection: The Impact of Housing and Services Interventions on Homeless Families-36-month Follow-up Data Collection.

OMB Approval Number: 2528-0259.

Type of Request: Revision of a currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: The 36-

Month Head of Household Follow-up Survey Instrument and the 36-Month Child Data Collection Instruments will support the collection of data from families enrolled in the Family Options Study. The Family Options Study, formerly referred to as The Impact of Housing and Services Interventions on Homeless Families, was launched by HUD in 2008 in response to Senate Report 109-109 for the FY 2006 Transportation, Treasury, the Judiciary, Housing and Urban Development and Related Agencies Appropriations Bill, which directed the HUD to "undertake research to ascertain the impact of various service and housing interventions in ending homelessness for families." The Family Options Study is comparing several combinations of housing assistance and services in a rigorous, multi-site experiment to determine which interventions work best to promote housing stability, family preservation, child well-being, adult well-being, and self-sufficiency. Between 2010 and 2012, over 2,300 families in twelve communities enrolled in the study. Prior rounds of data collection from the adult head of household have been conducted at the point of study enrollment/random assignment, and eighteen (18) months following the date of study enrollment/random assignment. Extensive data collection from a sample of children within study families has also been conducted by the research team with funding from the Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD). This next phase of data collection in the Family Options Study will support the continued collection of data from study families 36 months following the date of study enrollment/random assignment. Given the length of time which families are eligible to remain in the interventions being tested (one of the four interventions being studied can serve families for up to 18-months, and a second can serve families for up to 24 months), this final wave of data is critical to understanding how families fare after an intervention ends, and whether the same interventions that are effective in the short-term (18 months), are also effective in the longer-term (36 months).

Respondents (i.e. affected public): Study households.

Estimation of the total number of hours needed to prepare the information collection, including the number of respondents, frequency of response, and hours of responses:
