

Reduction Act of 1995, the Health Resources and Services Administration (HRSA) has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received within 30 days of this notice.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to *OIRA_submission@omb.eop.gov* or by fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email the HRSA Information Collection Clearance Officer at *paperwork@hrsa.gov* or call (301) 443-1984.

SUPPLEMENTARY INFORMATION: *Information Collection Request Title:* Ryan White HIV/AIDS Program Core Medical Services Waiver Application Requirements.

OMB No.: 0915-0307—Revision.
Abstract: Title XXVI of the Public Health Service (PHS) Act, as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Ryan White HIV/AIDS Program), Part A section 2604(c), Part B section 2612(b), and Part C section 2651(c), requires that grantees

expend 75 percent of Parts A, B, and C funds on core medical services, including antiretroviral drugs for individuals with HIV/AIDS, identified and eligible under the legislation. In order for grantees under Parts A, B, and C to be exempted from the 75 percent core medical services requirement, they must request and receive a waiver from HRSA, as required in the Act.

On October 25, 2013, HRSA published revised standards for core medical services waiver requests in the **Federal Register** (78 FR 63990). These revised standards will allow grantees more flexibility to adjust resource allocation based on the current situation in their local environment. These standards ensure that grantees receiving waivers demonstrate the availability of core medical services, including antiretroviral drugs, for persons with HIV/AIDS served under Title XXVI of the PHS Act. The core medical services waiver uniform standard and waiver request process will apply to Ryan White HIV/AIDS Program Grant Awards under Parts A, B, and C of Title XXVI of the PHS Act. Core medical services waivers will be effective for a 1-year period that is consistent with the grant award period. Grantees may submit a waiver request before the annual grant application, with the application, or up to 4 months after the grant award has been made.

Need and Proposed Use of the Information: HRSA uses the

documentation submitted in core medical services waiver requests to determine if the applicant/grantee meets the statutory requirements for waiver eligibility including: (1) No waiting lists for AIDS Drug Assistance Program (ADAP) services; and (2) evidence of core medical services availability within the grantee's jurisdiction, state, or service area to all individuals with HIV/AIDS identified and eligible under Title XXVI of the PHS Act. See sections 2604(c)(2), 2612(b)(2), and 2651(c)(2) of the PHS Act.

Likely Respondents: Ryan White HIV/AIDS Program Part A, B, and C grantees.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

Submission for OMB Review; 30-Day Comment Request; Multidisciplinary Treatment Planning (MTP) Within the National Cancer Institute (NCI) Community Cancer Centers Program

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH), has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information

collection was previously published in the **Federal Register** on November 1, 2013, Vol. 78, P. 65675 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Cancer Institute (NCI), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice,

especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, *OIRA_submission@omb.eop.gov* or by fax to 202-395-6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: Irene Prabhu Das, Division of Cancer Control & Population Sciences, National Cancer Institute, 9609 Medical Center Drive, Room 3E-518, Bethesda,

MD 20892-0704 or call non-toll-free number 240-276-6799 or Email your request, including your address to: *prabhudasi@mail.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Multidisciplinary Treatment Planning (MTP) within the NCI Community Cancer Centers Program (NCI), 0925-NEW, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The aim of this data collection is to characterize how NCI Community Cancer Centers Program (NCCCP) hospitals define, structure, and implement multidisciplinary treatment planning (MTP), which initiates a

coordinated approach to multidisciplinary care. The web-based, organizational survey will gather data on sites' definitions and terms for multidisciplinary treatment planning, composition of provider teams, meeting process, and patient involvement in the process. Information collected from NCCCP hospitals will add to the knowledge being generated and provide the foundation for research on multidisciplinary care in cancer. A total of 21 hospitals participating in the NCCCP through June 2014 will be requested to complete the survey.

OMB approval is requested for 1 year. There are no costs to respondents other than their time. The total estimated annualized burden hours are 22.
