Southwest Gas Storage Company; Notice of Request Under Blanket Authorization

Take notice that on January 16, 2014, Southwest Gas Storage Company (Southwest), 1300 Main Street, Houston, Texas 77002, filed in Docket No. CP14-46-000, an application pursuant to sections 157.205 and 157.216(b) of the Commission's Regulations under the Natural Gas Act (NGA) as amended, requesting authorization to abandon in place an 1,100 horsepower (HP) compressor unit and related equipment, located at Southwest's Waverly Storage Compressor Station in Morgan County, Illinois. The authorizations are requested under Southwest's blanket certificate issued in Docket No. CP99-230-000,¹ all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Southwest proposes to abandon in place the unit identified as W-10, with appurtenances. This unit was installed under the authority granted in FPC Docket No. CP71-73.² ANR intends to abandon its unit W-10 because it does not anticipate needing it at its present location for the foreseeable future, it has become increasingly expensive to maintain. The proposed abandonment activity will not involve ground disturbance or increases to operational air or noise emissions. The unit has not been used for over twelve months. The estimated cost to replicate the 1,100 HP compressor unit proposed to be abandoned is \$8.5 million.
