DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Modification of National Customs Automation Program (NCAP) Test Concerning Automated Commercial Environment (ACE) Cargo Release for Ocean and Rail Carriers

ACTION: General notice.

SUMMARY: This document announces U.S. Customs and Border Protection’s (CBP’s) plan to modify the National Customs Automation Program (NCAP) test concerning Cargo Release functionality in the Automated Commercial Environment (ACE). Originally, the test was known as the Simplified Entry Test because the test simplified the entry process by reducing the number of data elements required to obtain release for cargo transported by air. The test continues to be modified to provide more capabilities to test participants allowing CBP to deliver enhanced functionality. This notice modifies the ACE Cargo Release test to include expansion to the ocean and rail modes of transportation. This notice invites more participants to join the test.

DATES: The ACE Cargo Release test modifications set forth in this document are effective no earlier than January 5, 2014. The test will run until approximately November 1, 2015.

ADDRESSES: Comments or questions concerning this notice and indication of interest in participation in ACE Cargo Release should be submitted, via email, to Susan Maskell at susan.c.maskell@cbp.dhs.gov. In the subject line of your email, please use, “Comment on ACE Cargo Release”. The body of the email should include information regarding the identity of the ports where filings are likely to occur.

FOR FURTHER INFORMATION CONTACT: For policy related questions, contact Stephen Hilsen, Director, Business Transformation, ACE Business Office, Office of International Trade, at stephen.r.hilsen@cbp.dhs.gov. For technical questions, contact Susan Maskell, Client Representative Branch, ACE Business Office, Office of International Trade, at susan.c.maskell@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

I. The National Customs Automation Program

The National Customs Automation Program (NCAP) was established in Subtitle B of Title VI—Customs Modernization, in the North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057, 2170, December 8, 1993) (Customs Modernization Act). See 19 U.S.C. 1411. Through NCAP, the initial thrust of customs modernization was on trade compliance and the development of the Automated Commercial Environment (ACE), the planned successor to the Automated Commercial System (ACS). ACE is an automated and electronic system for commercial trade processing which is intended to streamline business processes, facilitate growth in trade, ensure cargo security, and foster participation in global commerce, while ensuring compliance with U.S. laws and regulations and reducing costs for U.S. Customs and Border Protection (CBP) and all of its communities of interest. The ability to meet these objectives depends on successfully modernizing CBP’s business functions and the information technology that supports those functions.

CBP’s modernization efforts are accomplished through phased releases of ACE component functionality designed to replace a specific legacy ACS function. Each release will begin with a test and, if the test is successful, will end with implementation of the functionality through the promulgation of regulations governing the new ACE feature and the retirement of the legacy ACS function.

The ACE Cargo Release test was previously known as the Simplified Entry Test because the test simplified the entry process by reducing the number of data elements required to obtain release for cargo transported by air. Through phased releases of ACE component functionality this test has been expanded to allow all eligible participants to join the test for an indefinite period regardless of the Customs-Trade Partnership Against Terrorism (C–TPAT) status of an importer self-filer or a customs broker.

For the convenience of the public, a chronological listing of Federal Register publications detailing ACE test developments is set forth below in Section VII, entitled, “Development of ACE Prototypes”. The procedures and criteria applicable to participation in the prior ACE tests remain in effect unless otherwise explicitly changed by this or subsequent notices published in the Federal Register.

II. Authorization for the Test

The Customs Modernization Act provides the Commissioner of CBP with authority to conduct limited test programs or procedures designed to evaluate planned components of the NCAP. The test described in this notice is authorized pursuant to §101.9(b) of title 19 of the Code of Federal Regulations (19 CFR 101.9(b)), which provides for the testing of NCAP programs or procedures. See Treasury Decision (T.D.) 95–21.

III. Expansion of ACE Cargo Release Test to Ocean and Rail Modes of Transportation

This document is announcing CBP’s plan to expand the ACE Cargo Release test which allows for the filing capabilities by importers and customs brokers for cargo transported by air to include filing capabilities by importers and customs brokers for cargo transported by ocean and rail.

Eligibility Requirements

To be eligible to apply for this test, the applicant must: (1) Be a self-filing importer who has the ability to file ACE Entry Summaries certified for cargo release or a broker who has the ability to file ACE Entry Summaries certified for cargo release; or (2) have evinced the intent to file entry summaries in ACE.

Parties seeking to participate in this test must use a software package that has completed Automated Broker Interface (ABI) certification testing for ACE and offers the simplified entry message set prior to transmitting data under the test. See the General Notice of August 26, 2008 (73 FR 50337) for a complete discussion on procedures for obtaining an ACE Portal Account. Importers not self-filing must be sure their broker has the capability to file entry summaries in ACE.

Document Image System (DIS)

Parties who file entry summaries in ACE are allowed to submit specified CBP and Partner Government Agency
The expansion of ACE Cargo Release transportation at specified ports. The ACE Cargo Release filing capabilities serve to assist the importer in determining the logistics requirements and allows for earlier release decisions and more certainty for the importer in determining the logistics of cargo delivery.

Functionality
Upon receipt of the ACE Cargo Release data, CBP will process the submission and shall subsequently transmit its cargo release decision to the importer in determining the logistics requirements and allows for earlier release decisions and more certainty for the importer in determining the logistics of cargo delivery.

Data Elements To Be Filed
In lieu of filing CBP Form 3461 data, the importer or broker acting on behalf of the importer must file the following 12 data elements (known as the ACE Cargo Release Data set) with CBP:

1. Importer of Record Number.
2. Buyer name and address.
4. Seller name and address.
5. Manufacturer/supplier name and address.
6. HTS 10-digit number.
8. Bill of lading/house air waybill number.
10. Entry number.
11. Entry type.
12. Estimated shipment value.

In the ocean and rail environment, the entry filer, at his option, may also provide the additional three (3) data elements:

13. Ship to party name and address (optional).
14. Consolidator name and address (optional).
15. Container stuffing location (optional).

To enable enhanced functionality in ACE Cargo Release, the entry filer may provide an additional three (3) data elements in certain situations:

16. Port of Entry (if an in-bond number is provided in the entry submission, the planned port of entry must also be provided).
17. In-Bond (if applicable).
18. Bill Quantity (if bill of lading quantity is specified in the entry, it becomes the entered and released quantity for that bill. If the bill quantity is not specified, full bill quantity will be entered and released for that bill).

Data element (1) and data elements (6) through (12) are defined in the same manner as when they are used for entry filing on the CBP Form 3461. Data elements (2) through (5) and (13) through (15) are defined in accordance with the provisions of 19 CFR 149.3.

Test Duration
This ACE Cargo Release test modifications set forth in this document are effective no earlier than January 5, 2014. The test will run until approximately November 1, 2015, and is open to type “01” (consumption) and type “11” (informal) commercial entries for ocean and rail modes of transportation. The test will be available for filing on the CBP Form 3461. Data elements (2) through (5) and (13) through (15) are defined in accordance with the provisions of 19 CFR 149.3.

The expansion of ACE Cargo Release capabilities serve to assist the importer in determining the logistics requirements and allows for earlier release decisions and more certainty for the importer in determining the logistics of cargo delivery.

IV. Misconduct under the Test
The terms for misconduct under the ACE Cargo Release Test set forth in 78 FR 66039 (November 4, 2013) continue to apply and are now expanded to include importers and customs brokers filing ACE Entry Summaries for cargo transported in the ocean and rail modes.

V. Previous Notices
All requirements and aspects of the ACE test discussed in previous notices are hereby incorporated by reference into this notice and continue to be applicable, unless changed by this notice.

VI. Paperwork Reduction Act
The collection of information contained in this ACE Cargo Release test have been approved by the Office of Management and Budget (OMB) in accordance with the requirements of the Paperwork Reduction Act (44 U.S.C. 3507) and assigned OMB number 1651–0024.
An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB.

VII. Development of ACE Prototypes

A chronological listing of Federal Register publications detailing ACE test developments is set forth below.

- ACE Portal Accounts and Subsequent Revision Notices: 67 FR 21800 (May 1, 2002); 70 FR 5199 (February 1, 2005); 69 FR 5360 and 69 FR 5362 (February 4, 2004); 69 FR 54302 (September 8, 2004).
- Terms/Conditions for Access to the ACE Portal and Subsequent Revisions: 72 FR 27632 (May 16, 2007); 73 FR 38464 (July 7, 2008).
- ACE Non-Portal Accounts and Related Notice: 70 FR 61466 (October 24, 2005); 71 FR 15756 (March 29, 2006).
- ACE Entry Summary, Accounts and Revenue (ESAR I) Capabilities: 72 FR 59105 (October 18, 2007).
- ACE Entry Summary, Accounts and Revenue (ESAR II) Capabilities: 73 FR 50337 (August 26, 2008); 74 FR 9826 (March 6, 2009).
- ACE Entry Summary, Accounts and Revenue (ESAR III) Capabilities: 74 FR 69129 (December 30, 2009).
- ACE Entry Summary, Accounts and Revenue (ESAR IV) Capabilities: 76 FR 37136 (June 24, 2011).
- Post-Entry Amendment (PEA) Processing Test: 76 FR 37136 (June 24, 2011).
- ACE Announcement of a New Start Date for the National Customs Automation Program Test of Automated Manifest Capabilities for Ocean and Rail Carriers: 76 FR 42721 (July 19, 2011).
- ACE Simplified Entry: 76 FR 69755 (November 9, 2011).
- Post-Summary Corrections to Entry Summaries Filed in ACE Pursuant to the ESAR IV Test: Modifications and Clarifications: 78 FR 69434 (November 19, 2013).
- National Customs Automation Program (NCAP) Test Concerning the Submission of Certain Data Required by the Environmental Protection Agency and the Food Safety and Inspection Service Using the Partner Government Agency Message Set Through the Automated Commercial Environment (ACE): 78 FR 75931 (December 13, 2013).

Date: January 28, 2014.
Richard F. DiNucci,
Acting Assistant Commissioner, Office of International Trade.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Proposed Information Collection; National Fish Habitat Action Plan Project Funding Process

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We (U.S. Fish and Wildlife Service, Service) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act of 1995 and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: To ensure that we are able to consider your comments on this IC, we must receive them by April 4, 2014.

ADDRESSES: Send your comments on the IC to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 2042–PDM, 4401 North Fairfax Drive, Arlington, VA 22203 (mail); or hope_grey@fws.gov (email). Please include “1018–NFHAP” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this IC, contact Hope Grey at hope_grey@fws.gov (email) or 703–358–2482 (telephone).

SUPPLEMENTARY INFORMATION:

I. Abstract

We receive annual appropriations to implement the National Fish Habitat Action Plan. We use these funds to:

- Support our participation in the National Fish Habitat Board and activities of the Board.
- Support Action Plan coordination and leadership at the Regional level.
- Implement habitat-based cost-shared projects.

Funds used to implement habitat-based cost-shared projects (project funds) are subject to reallocation each year. The Director allocates the available project funding among Fish Habitat Partnerships (FHPs) consistent with the goals and strategies of the National Fish Habitat Board. In FY 2014, we will implement a competitive, performance-based process to allocate project funds. We will distribute project funds among FHPs in two categories: (1) Stable operational support and (2) competitive, performance-based funds to encourage strategic conservation delivery. To determine which projects receive funding, we will collect the following information:

- Justification for Stable Operational Support ($75,000 per year). To be eligible to receive stable operational support, FHPs must submit a justification that provides an overview of all projects and activities over the previous 3 years and anticipated projects and activities over the next 3 years. The justification should concisely describe these projects and activities as well as how these projects and activities (both individually and collectively) have contributed, or are expected to contribute, to achieving FHP goals and leverage partner resources and capabilities.

- Accomplishments Report and Work Plan. To compete for performance-based funds, FHPs must submit:

  - Accomplishments Report that provides a detailed description of all
