

of radar and mode of operation. The FCR data and M-RFI data are fused for maximum synergism. The content of these items are classified Secret.

b. The AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAQ-11 Modernized Pilot Night Vision Sensor (MTADS/MPNVS) provides day, night, limited adverse weather target information, as well as night navigation capabilities. The MPNVS provides thermal imaging that permits nap-of-the-earth flight to, from, and within the battle area, while MTADS provides the co-pilot gunner with search, detection, recognition, and designation by means of television and Forward Looking Infrared (FLIR) sighting systems that may be used singularly or in combinations. Hardware is Unclassified. Technical manuals for authorized maintenance levels are Unclassified.

c. The AAR-57(V)7 Common Missile Warning System (CMWS) detects energy emitted by threat missile in-flight, evaluates potential false alarm emitters in the environment, declares validity of threat and selects appropriate countermeasures. The CMWS consists of an Electronic Control Unit (ECU), Electro-Optic Missile Sensors (EOMSs), and Sequencer and Improved Countermeasures Dispenser (ICMD). The ECU hardware is classified Confidential; releasable technical manuals for operation and maintenance are classified Secret.

d. The AN/APR-39A(V)4/APR-39C(V)2 Radar Signal Detecting Set provides warning of a radar directed air defense threat and allow appropriate countermeasures. This is the 1553 databus compatible configuration. The hardware is classified Confidential when programmed with U.S. threat data; releasable technical manuals for operation and maintenance are classified Confidential; releasable technical data (technical performance) is classified Secret.

e. The AN/AVR-2B Laser Detecting Set is a passive laser warning system that receives, processes and displays threat information resulting from aircraft illumination by lasers on the multi-functional display. The hardware is classified Confidential; releasable technical manuals for operation and maintenance are classified Secret.

f. The AN/ALQ-136A(V)5 Radar Jammer, or equivalent, is an automatic radar jammer that analyzes various incoming radar signals. When threat signals are identified and verified, jamming automatically begins and continues until the threat radar breaks lock. The hardware is classified Confidential; releasable technical

manuals for operation and maintenance are classified Secret; releasable technical data (technical performance) is classified Secret.

g. The highest level for release of the AGM-114R HELLFIRE II missile is Secret, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is Secret; the highest level that must be disclosed for production, maintenance, or training is Confidential. Reverse engineering could reveal Confidential information. Vulnerability data, countermeasures, vulnerability/susceptibility analyses, and threat definitions are classified Secret or Confidential.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2014-ICCD-0010]

Agency Information Collection Activities; Comment Request; Section 704 Annual Performance Report (Parts I and II)

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before April 7, 2014.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0010 or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance

Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E115, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For questions related to collection activities or burden, please call Tomakie Washington, 202-401-1097 or electronically mail ICDocketMgr@ed.gov. Please do not send comments here. We will ONLY accept comments in this mailbox when the regulations.gov site is not available to the public for any reason.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Section 704 Annual Performance Report (Parts I and II).

OMB Control Number: 1820-0606.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector, State, Local, or Tribal Governments.

Total Estimated Number of Annual Responses: 412.

Total Estimated Number of Annual Burden Hours: 14,420.

Abstract: These data collection instruments are the annual performance reports for State Independent Living Services (SILS) and Centers for Independent Living (CIL) programs.

These are known as the 704 Report Part I and the 704 Report Part II, respectively. These reports are required by sections 704(m)(4)(D), 706(d), 721(b)(3) and 725(c) of the Rehabilitation Act of 1973, as amended (the Act) and the corresponding regulations in 34 CFR parts 364, 365, and 366. Approval of grantees' annual performance reports (704 Report) is a prerequisite for the Rehabilitation Services Administration (RSA) approval of the annual SILS grant awards (part B funds) and CILs continuation grant awards (part C funds).

Dated: January 29, 2014.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

Title of Collection: Implementation Study of the Ramp Up to Readiness Program.

OMB Control Number: 1850-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals or households.

Total Estimated Number of Annual Responses: 6,086.

Total Estimated Number of Annual Burden Hours: 1,212.

Abstract: This study will examine the implementation of Ramp-Up to Readiness, a schoolwide guidance intervention aimed at increasing the college readiness of students. The intervention is at present being implemented in 34 high schools in Minnesota, and the developers intend to make the intervention available to a much larger set of Minnesota schools. No independently gathered high-quality evidence exists, however, on whether schools are able to implement this

comprehensive intervention as intended or how its core components compare to the college-readiness supports in other high schools. The project for which OMB clearance is requested will attempt to gather such evidence from 22 public Minnesota high schools through the least burdensome means. The school-level implementation study will focus on assessing whether Ramp-Up school staff implement the program as intended, on identifying the extent to which the Ramp-Up program differs from the college-readiness supports offered in schools without Ramp-Up, and on the validity of a measure of personal college readiness, which the developers hypothesize is a key mechanism through which the program impacts later outcomes. The study will collect data from school staff in the following activities: Administrative data collection, focus groups in January and June, extant document collection, instructional logs, student and staff surveys, and student personal readiness assessment. The findings produced through analysis of these data will help (1) state education agencies seeking strategies and programs to endorse as a potential means of improving students college readiness and college enrollment, (2) local education agencies that are considering the challenges of implementing Ramp-Up, (3) the developer of this intervention (the College Readiness Consortium at the University of Minnesota) and developers of other college readiness interventions who continually seek to improve their programs by using information from studies like this, and (4) a group of education stakeholders in the Midwest interested in considering whether to conduct a study of the impacts of the Ramp-Up intervention on student outcomes.

Dated: January 29, 2014.
