SUPPLEMENTARY INFORMATION:

A. Purpose

The Federal Acquisition Streamlining Act (FASA) of 1994, Public Law 103-355, provided authorities that streamlined the acquisition process and minimize burdensome Government-unique requirements. Sections 2001 and 2051 of FASA substantially changed the statutory authorities for Government financing of contracts. Sections 2001(f) and 2051(e) provide specific authority for Government financing of purchases of commercial items, and sections 2001(b) and 2051(b) substantially revised the authority for Government financing of purchases of non-commercial items.

Sections 2001(f) and 2051(e) provide specific authority for Government financing of purchases of commercial items. These paragraphs authorize the Government to provide contract financing with certain limitations.

Sections 2001(b) and 2051(b) also amended the authority for Government financing of non-commercial purchases by authorizing financing on the basis of certain classes of measures of performance.

To implement these changes, DOD, NASA, and GSA amended the FAR by revising Subparts 32.0, 32.1, and 32.5; by adding new Subparts 32.2 and 32.10; and by adding new clauses to 52.232.

The coverage enables the Government to provide financing to assist in the performance of contracts for commercial items and provide financing for non-commercial items based on contractor performance.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 2 hours per request for commercial financing and 2 hours per request for performance-based financing, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden for commercial financing is estimated as follows:

Respondents: 1,000.

Responses per Respondent: 5.

Total Responses: 5,000.

Hours per Response: 2.

Total Burden Hours: 10,000.

The annual reporting burden for performance-based financing is estimated as follows:

Respondents: 500.

Responses per Respondent: 12.

Total Responses: 6,000.

Hours Per Response: 2.

Total Burden Hours: 12,000.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCA), 1800 F Street NW., Room 4041, Washington, DC 20405, telephone 202-501-4755. Please cite OMB Control No. 9000-0138, Contract Financing, in all correspondence.

Dated: February 3, 2014.

Karlos Morgan,

Acting Director, Federal Acquisition Policy Division, Office of Government-wide Acquisition Policy, Office of Acquisition Policy, Office of Government-wide Policy.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the Information Collection Request Title and document identifier HHS–OS–20987–30D for reference.

Information Collection Request Title: Pre-Test of Instruments of Psychosocial Care for the Treatment of Adults With PTSD

Abstract: ASPE is requesting to pretest a survey that measures quality of psychotherapy for adults with Post Traumatic Stress Disorder (PTSD) in outpatient treatment settings, defined in terms of the concordance with evidence-based strategies. Despite enormous expenditures and remarkable breakthroughs in treatment, there is a clear gap between what is known about effective treatments for individuals diagnosed with Post Traumatic Stress Disorder (PTSD) and what clinicians actually implement in treatment settings. A quality improvement initiative that measures clinicians’ use of evidence based treatment and promotes feedback to providers from the consumers’ perspective may enhance the adoption of evidence based services. This could ultimately improve the quality of care and consumer health outcomes.

Need and Proposed Use of the Information: Quality measures of the treatment of PTSD in concordance with evidence-based methods do not currently exist and could be used to reduce this gap. ASPE, in partnership with NIMH, has undertaken this project to pretest 3 surveys (a clinician, clinical supervisor, and consumer measure) of the delivery of evidence based psychotherapies to adults with PTSD. The current data collection is scheduled to occur only once, over a 6 month time period in summer 2014 through the winter of 2014 at a total of 6 behavioral health care sites.

Likely Respondents: Respondents are clinicians, clinician’s supervisors and consumers.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to
