

(hereinafter referred to as “Petitioners”) made a timely request for a 50-day postponement of the preliminary determination in this investigation, pursuant to section 733(c)(1)(A) of the Act and 19 CFR 351.205(e).⁴ Petitioners noted in their request that they require additional time to analyze and comment upon the questionnaire responses of the mandatory respondents in this investigation.

The Department has found no compelling reason to deny the request and, therefore, in accordance with section 733(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination to no later than 206 days after the date on which it initiated this investigation (the original 140-day period plus the 16 days tolled for the shutdown of the Federal Government and a 50 day postponement). Therefore, the new deadline for issuing the preliminary determination is April 14, 2014.⁵ In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Lightweight Thermal Paper From Germany: Preliminary Results of the First Full Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration,

International Trade Administration, Department of Commerce.

SUMMARY: On October 1, 2013, the Department of Commerce (the Department) initiated the first five-year (sunset) review of the antidumping duty (AD) order on lightweight thermal paper from Germany pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ On the basis of adequate substantive responses submitted by domestic and respondent interested parties, the Department is conducting a full sunset review of this AD order pursuant to section 751(c) of the Act and 19 CFR 351.218(e)(2). As a result of our analysis, the Department preliminarily finds that revocation of the AD order would likely lead to continuation or recurrence of dumping at the levels indicated in the “Preliminary Results of Review” section of this notice. Interested parties are invited to comment on these preliminary results.

DATES: Effective February 10, 2014.

FOR FURTHER INFORMATION CONTACT: David Goldberger, AD/CVD Operations, Office II, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4136.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2013, the Department initiated the first sunset review of the AD order on lightweight thermal paper from Germany pursuant to section 751(c) of the Act.² On October 28, 2013, the Department received a notice of intent to participate from Appvion, Inc. (Appvion³), a domestic manufacturer of lightweight thermal paper within the 15-day deadline specified in 19 CFR 351.218(d)(1)(i).⁴

On November 18, 2013, the Department received substantive responses from Appvion and Papierfabrik August Koehler SE

(Koehler), a German producer of lightweight thermal paper, within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department received rebuttal comments from Appvion and Koehler on November 25, 2013 in accordance with 19 CFR 351.218(d)(4).

On December 4, 2013, the Department issued its adequacy determination memorandum. The Department found that Appvion and Koehler submitted adequate substantive responses. As a result, the Department is conducting a full sunset review of this AD order.⁵ The Department did not receive comments on the adequacy determination memorandum from any party to this review.

Scope of the Order

The merchandise covered by the order is lightweight thermal paper. The merchandise subject to the order is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 3703.10.60, 4811.59.20, 4811.90.8000, 4811.90.8030, 4811.90.8040, 4811.90.8050, 4811.90.9000, 4811.90.9030, 4811.90.9035, 4811.90.9050, 4811.90.9080, 4811.90.9090, 4820.10.20, and 4823.40.00. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

For a full description of the scope, see “Preliminary Results Issues and Decision Memorandum for the Full Sunset Review of the Antidumping Duty (AD) Order on Lightweight Thermal Paper from Germany,” dated concurrently with this notice (Decision Memorandum).

Analysis of Comments Received

All issues raised in this review are addressed in the Decision Memorandum, dated concurrently with this preliminary notice, which is hereby adopted by this notice. The issues discussed in the accompanying Decision Memorandum include the likelihood of the continuation of dumping, the magnitude of the margin likely to prevail, and good cause to examine other factors. Parties can find a complete discussion of all issues raised in this full sunset review and the corresponding recommendations in this

⁴ As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013. See Memorandum for the Record from Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Deadlines Affected by the Shutdown of the Federal Government” (October 18, 2013). Preliminary Results of Review

Manufacturer/exporter	Margin (percent)
Koehler	6.50
All Others	6.50

Interested parties may submit case briefs no later than 50 days after the date of publication of the preliminary results of this full sunset review, in accordance with 19 CFR 351.309(c)(1)(i).
