SUPPLEMENTARY INFORMATION:

Title: Treasury International Capital Form S, Purchases and Sales of Long-term Securities by Foreign-Residents.

OMB Control Number: 1505-0001

Abstract: Form S is part of the Treasury International Capital (TIC) reporting system, which is required by law (22 U.S.C. 286f; 22 U.S.C. 3103; E.O. 10033; 31 CFR part 128), and is designed to collect timely information on international portfolio capital movements. Form S is a monthly report used to cover transactions in long-term marketable securities undertaken directly with foreigners by banks, other depository institutions, brokers, dealers, underwriting groups, funds and other individuals and institutions. This information is used by the U.S. Government in the formulation of international financial and monetary policies and for the preparation of the U.S. balance of payments accounts and the U.S. international investment position.

Current Actions: (a) The exemption level for total reportable transactions will be raised from \$50 million to \$350 million. More specifically, an institution must file the TIC Form S monthly if the consolidated total of all reportable transactions in purchases or sales of long-term securities amounts to or exceeds the exemption level during the reporting month. (b) The Column-By-Column instructions for Columns 3 and 4 of Form S will be changed to be consistent with the language found in the glossary for "United States Government Agency securities", "Columns 3 and 4—Report purchases (column 3) and sales (column 4) by foreign residents of long-term debt securities (bonds, notes, debentures and asset-backed securities (mortgage-backed securities and all other asset-backed securities)) guaranteed by or are the obligations of United States Government corporations or Federally-Sponsored Agencies. (See glossary entry for United States Government Agency securities)." (c) The glossaries for all Treasury International Capital ("TIC") reports will be consolidated into a single document which will provide

more consistency across the TIC system. As a result, the TIC S reporting instructions will not include a glossary but will point to the separate consolidated Glossary document on the Treasury Web site; (d) The Form S reports may be submitted electronically using the Federal Reserve's "Reporting Central", which replaces the previous Federal Reserve System's Internet Electronic Submission (IESUB) system. [Note: some other clarifications may be made in the instructions and glossary.] (e) These changes will be effective beginning with the reports as of June 30, 2014.

Type of Review: Revision of a currently approved collection.

Affected Public: Business or other for-profit organizations.

Form: S (1505-0001).

Estimated Number of Respondents: 188.

Estimated Average Time per Respondent: Six and three tenth hours per respondent per filing. This estimate includes the Current Actions proposed above. The estimated average time per respondent varies from 10.8 hours for the approximately 30 major reporters to 5.4 hours for the other reporters.

Estimated Total Annual Burden Hours: 14,130 hours, based on 12 reporting periods per year.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit written comments concerning: (a) Whether Form S is necessary for the proper performance of the functions of the Office, including whether the information will have practical uses; (b) the accuracy of the above estimate of the burdens; (c) ways to enhance the quality, usefulness and clarity of the information to be collected; (d) ways to minimize the reporting and/or record keeping burdens on respondents, including the use of information technologies to automate the collection of the data; and (e) estimates of capital or start-up costs of operation, maintenance and purchase of services to provide information.

Background

On September 23, 2001, the President issued Executive Order 13224 (the "Order") pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701-1706, and the United Nations Participation Act of 1945, 22 U.S.C. 287c. In the Order, the President declared a national emergency to address grave acts of terrorism and threats of terrorism committed by foreign terrorists, including the September 11, 2001 terrorist attacks in New York, Pennsylvania, and at the Pentagon. The Order imposes economic sanctions on persons who have committed, pose a significant risk of committing, or support acts of terrorism. The President identified in the Annex to the Order, as amended by Executive Order 13268 of July 2, 2002, 13 individuals and 16 entities as subject to

the economic sanctions. The Order was further amended by Executive Order 13284 of January 23, 2003, to reflect the creation of the Department of Homeland Security.

On February 6, 2014, the Director of OFAC, in consultation with the Departments of State, Homeland Security, Justice and other relevant agencies, designated, pursuant to one or more of the criteria set forth in subsections 1(b), 1(c) or 1(d) of the Order, 8 individual(s) and 2 entit(ies) whose property and interests in property are blocked pursuant to Executive Order 13224.
