The second part, planned for 2016, will ask anglers about the expenses incurred on their most recent marine recreational fishing trip. As specified in the Magnuson-Stevenson Fishery Conservation and Management Act of 1996 (and reauthorized in 2007), NMFS is required to enumerate the economic impacts of the policies it implements on fishing participants and coastal communities. The expenditure data collected in this survey will be used to estimate the economic contributions and impacts of marine recreational fishing to each coastal state and nationwide.
