AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice of funding availability.

SUMMARY: This final notice announces the availability of funding and requests grant applications for FHWA's Accelerated Innovation Deployment (AID) Demonstration authorized within the Technology and Innovation Deployment Program (TIDP) under the Moving Ahead for Progress in the 21st Century Act (MAP-21). In addition, this final notice addresses comments received on the interim notice of funding availability (Docket No. FHWA-2013-0048), announces selection criteria, application requirements, and technical assistance during the grant solicitation period for the AID Demonstration. The FHWA's response to the comments and revisions made in this final notice are described below in the **SUPPLEMENTARY INFORMATION** section.

DATES: Applications must be submitted through Grants.gov. Applicants are encouraged to submit applications as soon as the eligible project is within six months of being initiated. Completed applications will be evaluated and award determinations made on a rolling basis until the program ends or funding is no longer available. Information will be updated on FHWA's Web site at <http://www.fhwa.dot.gov/accelerating/grants> to notify applicants of the status

of the program and availability of funding. The FHWA plans to conduct outreach regarding the AID Demonstration in the form of a Webinar within 2 weeks of this notice being issued. Participants can pre-register online at: <https://connectdot.connectsolutions.com/aiddemo/event/event.html>. Information on the Webinar date and time will be emailed to registered participants. The Webinar will be recorded and posted on FHWA's Web site at <http://www.fhwa.dot.gov/accelerating/grants>.

ADDRESSES: Applications must be submitted electronically through Grants.gov. The FHWA will not accept applications that are sent directly to FHWA outside of the Grants.gov process. Instructions for submitting through Grants.gov are included in Section VI (E) of this final notice.

FOR FURTHER INFORMATION CONTACT: Ms. Ewa Flom, Program Manager, Center for Accelerating Innovation, Federal Highway Administration, 1200 New Jersey Avenue SE., Washington, DC 20590, (202) 366-2169; or Ms. Seetha Srinivasan, Office of the Chief Counsel, Federal Highway Administration, 1200 New Jersey Avenue SE., Washington, DC 20590, (202) 366-4099. In addition, the FHWA will regularly post answers to questions and requests for clarifications on FHWA's Web site at <http://www.fhwa.dot.gov/accelerating/grants>. Applicants are encouraged to contact FHWA directly to receive information about AID Demonstration.

SUPPLEMENTARY INFORMATION: On November 1, 2013, the FHWA published an interim notice of funding availability (NOFA) for the AID Demonstration Program (Docket No. FHWA-2013-0048). The interim notice requested comments on the proposed selection criteria, evaluation criteria, and evaluation requirements for AID Demonstration funding. The FHWA considered comments that were received from seven commenters, including two anonymous, two private citizens, one not-for-profit research organization, one State DOT, and one municipal government. The FHWA revised elements of the notice as described below. There was an editorial error made in the Table of Contents by listing a subsection heading of "Protection of Confidential Business Information" under Section VI (Application Process). There was no

information provided and no need for this subsection. As a result, the subsection heading has been deleted.

Response to Comments

1. The FHWA received a question from an anonymous commenter in reference to whether AID Demonstration funds can be used to do research and conduct full-scale crash testing of products. AID Demonstration funds are intended to accelerate the implementation and adoption of innovation in highway transportation. The funds are to be used for deployment, not for research or testing, of proven innovative practices or technologies.

2. The FHWA received a comment from a private citizen requesting consideration of applications from consortiums, including State DOTs, universities and industry, on novel materials, methods, and technologies to be considered through a phased product development program. The FHWA believes that this is not within the scope or intent of the AID Demonstration program. The use of AID Demonstration funds is for deployment of proven innovative practices or technologies. There are other programs, such as the Transportation Pooled Fund program, that may be better suited for a product development approach. However, the FHWA encourages applicants to cooperate and coordinate with other entities as needed. The narrative application includes identification of the applicant, subrecipient, and a description of cooperation with any other entity involved in the project.

3. The FHWA received questions from an anonymous commenter in reference to the eligibility of technologies that focus on the operation of highway transportation commercial vehicle programs and technology innovations that are added to existing infrastructure. As described in Section III (Eligibility), AID Demonstration funds are available for any project eligible for assistance under title 23, United States Code. Eligible projects may involve any aspect of highway transportation including planning, financing, operation, structures, materials, pavements, environment, and construction that address the TIDP goals mentioned in Section I (Background).

4. The FHWA received a comment from a not-for-profit research organization requesting that we add language under Selection Criteria (or other appropriate section) to give priority funding consideration to projects that "leverage funding through participation in the Transportation Pooled Fund Program."
