

1506.6. Further, we specifically solicit information regarding the adequacy of the HCP per 50 CFR parts 13 and 17.

The EA assesses the likely environmental impacts associated with the implementation of the activities, including the environmental consequences of the no-action alternative and the proposed action. The proposed action alternative is issuance of the ITP and implementation of the HCP as submitted by the Applicant. The applicant anticipates taking a total of approximately 3,056 acres of scrub-jay and indigo snake habitat incidental to construction of residential, commercial, and public facilities, as well as the associated infrastructure. The minimization and mitigation measures proposed in the HCP include habitat management activities on a total of 4,496 acres of mitigation land. Most of this total is already owned by the applicant, while an additional 1,336 acres would be acquired during the ITP's term. Typical management activities include prescribed burning, mechanical cutting, and related measures to restore dry scrub habitats to support scrub-jays and indigo snakes.

Covered Area

Scrub-jays and indigo snakes historically occurred in dry scrub habitats throughout Charlotte County. The area encompassed by the HCP and ITP application consists of private and

applicant-owned lands currently occupied, or suitable for restoration as, scrub-jay and indigo snake habitat in Charlotte County, Florida.

Next Steps

We will evaluate the ITP application, including the HCP and any comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will also evaluate whether issuance of a section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue the ITP. If we determine that the requirements are met, we will issue the ITP for the incidental take of Florida scrub-jay and eastern indigo snake.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).

Dated: November 21, 2013.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Assistant Secretary—Indian Affairs is seeking comments on the revisions for the information collection conducted under OMB Control Number 1076-0135, Reporting System for Public Law 102-477 Demonstration Project. This information allows funding agencies to document compliance with statutory, regulatory, and program specific requirements of the various integrated programs. Public Law 102-477 authorized tribal governments to integrate federally funded employment, training, and related services and programs tribes provide into a single, coordinated, comprehensive service delivery plan. Funding agencies include the Department of the Interior, Department of Labor, and the Department of Health and Human Services. Indian Affairs (IA) is statutorily required to serve as the lead agency and provides a single report format related to the approved plan for the individual project for use by tribal governments to report on integrated activities and expenditures. IA shares the information collected from these reports with the Department of Labor and the Department of Health and Human Services.

There were previously four information collections, three of which

were collected on forms, associated with this OMB Control Number: IA 7701—Narrative Report, IA 7702—Statistical Report, IA 7703—Financial Report, and IA 7703A—Tribal Temporary Assistance for Needy Families (TANF) Financial Report. This revision reduces the number of forms to two: Narrative and Statistical Report and Financial Expenditure Report. The previous TANF Financial Report and Financial Report have been combined to create the Financial Expenditure Report, allowing tribes to complete and submit the information on one form. Revisions were made to the Narrative Report Instructions and Statistical Report and Instructions to provide clear guidance for completion. These revisions are the result of input by a Federal and Tribal workgroup (“477 Workgroup”).

Consultation Session

A consultation session with tribal leaders will be held on Thursday, March 13, 2014 from 1:00 to 5:00 p.m. at the Westin Washington City Center, 1400 M Street NW., Washington, DC 20005. Copies of the draft forms can be viewed at: <http://www.bia.gov/WhoWeAre/AS-IA/Consultation/index.htm>.

II. Request for Comments

The Assistant Secretary—Indian Affairs requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency’s estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Contract Support Costs

SUPPLEMENTARY INFORMATION: The Assistant Secretary—Indian Affairs, in conjunction with the Acting Director, IHS, will conduct a consultation session on Contract Support Costs (CSC) as part of the National Congress of American Indians Executive Winter Session, Westin Washington DC City Center—Monticello Ballroom, 1400 M Street NW., Washington, DC, from 9:00 a.m. to noon, on Tuesday, March 11, 2014.

The FY 2014 Consolidated Appropriations Act includes funding to implement the Indian Self-Determination and Education Assistance Act of 1975 for both the Bureau of Indian Affairs (BIA) and the IHS. The Act does not specify a limit on the amount of such funds available in FY 2014 for the payment of CSC, nor does it include the proposal put forth in the Administration’s FY 2014 budget request that would place a cap on the CSC amounts available for each tribal contract or compact. Instead, as set forth in the Joint Explanatory Statement accompanying the Act, Congress “remanded back to the agencies to resolve” the determination of CSC amounts to be paid from within the FY 2014 appropriation.

Congress further directed the BIA and the IHS to consult with the tribes and work with the House and Senate committees of jurisdiction, the Office of Management and Budget, and the Committees on Appropriations to formulate long-term accounting, budget, and legislative strategies that will yield solutions going forward. Congress indicated that the BIA and the IHS should consider a standardized approach that streamlines the contract negotiation process, provides consistent and clear cost categories, and ensures efficient and timely cost documentation for the agencies and the Tribes. A work plan is due to Congress on May 17, 2014 (120 days from enactment of the appropriations bill) for both the BIA and the IHS, and this consultation will help
