Summary of Information Collection

This information collection includes requirements relating to DFARS part 246, Quality Assurance. The clause and provision prescribed as listed below are required to be used when it is anticipated that the resulting contract will include a warranty for serialized items.

a. DFARS 246.710(5)(i)(A) prescribes use of the provision at DFARS 252.246-7005, Notice of Warranty Tracking of Serialized Items. The provision is used to require offerors to provide warranty tracking information for each contract line item, subline item, or exhibit line for warranted items. In addition, offerors are required to include information on applicable warranty repair sources.

b. DFARS 246.710(5)(i)(B) prescribes use of the clause at DFARS 252.246-7006, Warranty Tracking of Serialized Items. The clause requires contractors to

report updated tracking information for each item carrying a warranty prior to presenting the warranted items for receipt and/or acceptance.

DFARS 246.710-70, Warranty Attachment, includes the prescribed attachment and format referenced in the two DFARS clauses. The format includes headings for the information required for each item carrying a warranty. The required information includes, for example, the duration of the warranty, the warranty administrator's contact information, and the unit item identifier for the warranted item.

Department of the Army; Corps of Engineers

Withdrawal of Notice of Intent To Prepare a Draft Environmental Impact Statement for the Zoar Levee and Diversion Dam, Dam Safety Modification Study, Tuscarawas County, OH

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent; withdrawal.

SUMMARY: The U.S. Army Corps of Engineers (Corps), Huntington District, is withdrawing its intent to prepare a Draft Environmental Impact Statement (EIS) for the Zoar Levee and Diversion Dam, Dam Safety Modification Study. The Notice of Intent to prepare the EIS was published in the **Federal Register** on May 4, 2011 (76 FR 25310).

FOR FURTHER INFORMATION CONTACT: Mr. Andrew Johnson, Acting Chief, Environmental Analysis Section, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701-2070. Telephone: (304) 399-5189. Email: Andrew.N.Johnson@usace.army.mil.

SUPPLEMENTARY INFORMATION: Originally, the Huntington District planned to prepare a Draft EIS to disclose potential impacts to the natural, physical, and human environment resulting from implementation of alternatives formulated to address reliability risks associated with Zoar Levee and Diversion Dam. These high hazard structures do not meet current performance standards and exceed acceptable risk levels. Initially, a full

array of alternatives was planned to be formulated to meet the purpose and need of the study. After full consideration of all alternatives, the best plan was to be selected to achieve acceptable risk levels.

Completion of Dam Safety Baseline Risk Assessment in November 2013 reduced urgency, complexity and controversy associated with risks allowing for early screening of non-structural options driving potential for significant and controversial effects. Environmental Assessment (EA) level effort was determined sufficient for the Modification Study. Therefore, it is anticipated the EA will result in a Finding of No Significant Impact (FONSI), an EIS is not anticipated.

Colonel, Corps of Engineers, District Engineer.

Department of the Army; Corps of Engineers

Withdrawal of Notice of Intent To Prepare a Draft Supplemental Environmental Impact Statement for the Greenup Locks and Dam, General Reevaluation Report, Greenup County, KY

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent; withdrawal.

SUMMARY: The U.S. Army Corps of Engineers (Corps), Huntington District, is withdrawing its intent to prepare a Draft Supplemental Environmental Impact Statement (SEIS) for the Greenup Locks and Dam General Reevaluation Report. The Notice of Intent to prepare the SEIS was published in the **Federal Register** on June 14, 2012 (77 FR 35663).

FOR FURTHER INFORMATION CONTACT: Mr. Andrew Johnson, Acting Chief, Environmental Analysis Section, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701-2070. Telephone: (304) 399-5189. Email: Andrew.N.Johnson@usace.army.mil.

SUPPLEMENTARY INFORMATION: Originally, the Huntington District planned to prepare a General Reevaluation Report (GRR) and Draft SEIS to disclose potential impacts to the natural, physical, and human environment resulting from the implementation of alternatives to reduce foreseeable traffic delays and associated economic losses that occur during periodic maintenance

at the Greenup Locks and Dam located on the Ohio River. A Feasibility Report and Environmental Impact Statement (EIS) was previously completed for the project in April 2000. This study recommended a 600-foot (ft) extension of the existing auxiliary lock chamber to a length of 1200 ft. The project was authorized by Congress in 2000; however, no funds have been appropriated for project construction. Due to the amount of time that has elapsed since completion of the Feasibility Report, and the associated economic, environmental and reliability changes that may have occurred during this time, Federal interest must be reevaluated. The project alternatives which were planned to be considered included the plans considered in the previous study as well as variations to these plans which may include both structural and nonstructural operational measures, and the No Action alternative.

As part of this GRR, a Planning Charette was held in February 2013 with participation by the USACE Lakes and Rivers Division, Headquarters, and navigation stakeholders. Changes in the without project condition associated with revised reliability, updated traffic forecasts, funding constraints of the Inland Waterways Trust Fund, and higher priority inland navigation projects led the Charette team to recommend postponing this GRR. Therefore, an EIS is not anticipated at this time. Should the Corps start working on the GRR in the future, the scope and level of effort will be reevaluated.

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Tuesday, March 11, 2014. A conference session and business meeting will be held the following day on Wednesday, March 12, 2014. The hearing, conference session and business meeting are open to the public and will be held at the Washington Crossing Historic Park Visitor Center, 1112 River Road, Washington Crossing, Pennsylvania.

Public Hearing. The public hearing on March 11, 2014 will begin at 1:30 p.m.

Hearing items will include draft dockets for withdrawals, discharges and other water-related projects subject to the Commission's review, and a resolution to adopt the Commission's capital and operating budgets for fiscal year 2015. The list of projects scheduled for hearing, including project descriptions, will be posted on the Commission's Web site, www.drbc.net, in a long form of this notice at least ten days before the hearing date. Written comments on draft dockets and resolutions scheduled for hearing on March 11 will be accepted through the close of the hearing that day. After the hearing on all scheduled matters has been completed, there will be an opportunity for public dialogue.

Because hearings on particular projects may be postponed to allow additional time for the commission's review, interested parties are advised to check the Web site periodically prior to the hearing date. Any postponements will be duly noted there.

Public Meeting. The public meeting on March 12, 2014 will begin at 12:15 p.m. and will consist of a conference session followed by a business meeting. The conference session will include a presentation by a representative from the U.S. Army Corps of Engineers on the North Atlantic Coast Comprehensive Study for reducing flood risk to coastal populations and promoting resilient coastal communities.

The business meeting will include the following items: adoption of the Minutes of the Commission's December 4, 2013 business meeting, announcements of upcoming meetings and events, a report on hydrologic conditions, reports by the Executive Director and the Commission's General Counsel, and consideration of any items for which a hearing has been completed or is not required.

There will be no opportunity for additional public comments at the March 12 business meeting on hearing items for which the hearing was completed on March 11 or a previous date. Commission consideration on March 12 of items for which the public hearing is closed may result in either approval of the item (docket or resolution) as proposed, approval with changes, denial, or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Any deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance Sign-Up for Oral Comment. Individuals who wish to comment for the record at the public hearing on March 11 or to address the Commissioners informally during the public dialogue portion of the hearing on March 11 are asked to sign up in advance by contacting Ms. Paula Schmitt of the Commission staff, at paula.schmitt@drbc.state.nj.us or by phoning Ms. Schmitt at 609-883-9500 ext. 224.

Addresses for Written Comment. Written comment on items scheduled for hearing may be delivered by hand at the public hearing or in advance of the hearing, either: by hand, U.S. Mail or private carrier to: Commission Secretary, P.O. Box 7360, 25 State Police Drive, West Trenton, NJ 08628; by fax to Commission Secretary, DRBC at 609-883-9522; or by email to paula.schmitt@drbc.state.nj.us. If submitted by email in advance of the hearing date, written comments on a docket should also be sent to Mr. William Muszynski, Manager, Water Resources Management at william.muszynski@drbc.state.nj.us.

Accommodations for Special Needs. Individuals in need of an accommodation as provided for in the Americans with Disabilities Act who wish to attend the informational meeting, conference session or hearings should contact the Commission Secretary directly at 609-883-9500 ext. 203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how we can accommodate your needs.

Updates. Items scheduled for hearing are occasionally postponed to allow more time for the Commission to consider them. Other meeting items also are subject to change. Please check the Commission's Web site, www.drbc.net, closer to the meeting date for changes that may be made after the deadline for filing this notice.

Additional Information, Contacts. The list of projects scheduled for hearing, with descriptions, will be posted on the Commission's Web site, www.drbc.net, in a long form of this notice at least ten days before the hearing date. Draft dockets and resolutions for hearing items will be available as hyperlinks from the posted notice. Additional public records relating to hearing items may be examined at the Commission's offices by appointment by contacting Carol Adamovic, 609-883-9500, ext. 249. For other questions concerning hearing items, please contact Project Review Section assistant Victoria Lawson at 609-883-9500, ext. 216.
