DEPARTMENT OF LABOR**Bureau of Labor Statistics****Proposed Collection; Comment
Request**

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and responding burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of

Labor Statistics (BLS) is soliciting comments concerning the proposed extension of the “Current Population Survey (CPS) Volunteer Supplement,” to be conducted September 2014, September 2015, and September 2016. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the Addresses section below on or before April 25, 2014.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION:

I. Background

The September 2014 CPS Volunteer Supplement will be conducted at the request of the Corporation for National and Community Service. The Volunteer Supplement will provide information on the total number of individuals in the U.S. involved in unpaid volunteer activities, measures of the frequency or intensity with which individuals volunteer, types of organizations for which they volunteer, the activities in which volunteers participate, and the prevalence of volunteering more than 120 miles from home or abroad. It will also provide information on civic engagement and charitable donations.

Because the Volunteer Supplement is part of the CPS, the same detailed demographic information collected in the CPS will be available about respondents to the supplement. Thus, comparisons of volunteer activities will be possible across respondent characteristics, including sex, race, age, and educational attainment. It is intended that the supplement will be conducted annually, if resources permit, in order to gauge changes in volunteerism.

II. Current Action

Office of Management and Budget clearance is being sought for the CPS Volunteer Supplement. An extension of this currently approved collection is needed to continue to provide the Nation with timely information about volunteer and volunteering activities.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority.
