Certain Oil Country Tubular Goods From the Socialist Republic of Vietnam: Preliminary Determination of Sales at Less Than Fair Value, Affirmative Preliminary Determination of Critical Circumstances, in Part, and Postponement of Final Determination

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) preliminarily determines that certain oil country tubular goods (OCTG) from the Socialist Republic of Vietnam (Vietnam) are being, or are likely to be, sold in the United States at less-than-fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation (POI) is January 1, 2013, through June 30, 2013. The estimated weighted-average dumping margins of sales at LTFV are shown in the "Preliminary Determination" section of this notice. The final determination will be issued 135 days after publication of this preliminary determination in the **Federal Register**. We invite interested parties to comment on these preliminary results.

DATES: *Effective Date:* February 25, 2014.

FOR FURTHER INFORMATION CONTACT: Fred Baker, Tyler Weinhold, or Robert James, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th

Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2924, (202) 482-1121, or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The merchandise covered by the investigation is certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (*e.g.*, whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the investigation also covers OCTG coupling stock. For a complete description of the scope of the investigation, *see* Appendix I to this notice.

Scope Comments

On August 12, 2013, WSP Pipe Co., Ltd. (the sole mandatory respondent in the concurrent LTFV investigation of OCTG from Thailand) submitted scope comments to the Department regarding "pierced billets" and asked that the Department determine that such merchandise was outside of the scope of this and other OCTG investigations. Petitioners filed rebuttal comments on August 22, 2013. We have made no modifications to the scope of the investigations. For more information, *see* the Preliminary Decision Memorandum.¹

Tolling of Deadlines for Preliminary Determination

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.²

¹ *See* Decision Memorandum for the Preliminary Determination in the Antidumping Duty Investigation of Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam, from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, dated concurrently with this determination and hereby adopted by this notice (Preliminary Decision Memorandum).

² *See* Memorandum for the Record from Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Shutdown of the Federal Government" (October 18, 2013).

Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department's practice, the deadline will become the next business day.³ The revised deadline for the preliminary determination of this investigation is now February 14, 2014.⁴

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Constructed export price (CEP) has been calculated in accordance with section 772 of the Act. Because Vietnam is a non-market economy within the meaning of section 771(18) of the Act, and available information does not permit the calculation of normal value (NV) under 773(a) of the Act, we calculated NV in accordance with section 773(c) of the Act. Further, we determined to apply facts otherwise available with an adverse inference to the Vietnam-wide entity in accordance with section 776(a) and (b) of the Act.

For a full description of the methodology underlying our conclusions, please see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <https://iaaccess.trade.gov>, and is available to all parties in the Department's Central Records Unit, located at room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

allegation, pursuant to section 773(e)(1) of the Act and 19 CFR 351.206(c)(1), alleging that critical circumstances exist with respect to imports of the merchandise under consideration.⁶ We preliminarily determine that critical circumstances do not exist for SeAH VINA Corporation (SeAH) but do exist with respect to the Vietnam-wide entity.

For a full description of the methodology and results of our analysis, please see the Preliminary Decision Memorandum.

Combination Rates

As explained in the Initiation Notice, the Department calculated exporter-producer combination rates for the

respondents that are eligible for a separate rate in this investigation.⁷

Preliminary Determination

The Department preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter	Producer	Weighted-average dumping margin (percent)
SeAH Steel VINA Corporation	SeAH Steel VINA Corporation	9.57
Vietnam-Wide Entity Rate		111.47

Disclosure and Public Comment

We will disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁸ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using IA ACCESS. An electronically filed request must be received successfully in its entirety by IA ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.⁹ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department

intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we shall direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of OCTG from Vietnam as described in the scope of the investigation. For entries of OCTG produced and exported by SeAH VINA, the suspension of liquidation shall apply to all entries of merchandise, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Section 733(e)(2) of the Act provides that, given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which notice of initiation of the investigation was published. As described above, we preliminarily find that critical circumstances exist for imports produced or exported by the Vietnam-wide entity. For the Vietnam-wide entity, in accordance with section 733(e)(2)(A) of the Act, the suspension of liquidation shall apply to unliquidated entries of merchandise

entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice.

We will instruct CBP to require a cash deposit for all suspended entries at an *ad valorem* rate equal to the weighted-average dumping margins, as indicated in the chart above.¹⁰ These suspension of liquidation instructions will remain in effect until further notice.

Postponement of Final Determination and Extension of Provisional Measures

Pursuant to a request from SeAH VINA, we are postponing the final determination and extending the provisional measures from a four-month period to no more than six months. Accordingly, we will make our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.¹¹

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we notified the ITC of our preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no

⁴ Petitioners also alleged critical circumstances exist with respect to imports of merchandise in the companion CVD investigations. In accordance with 19 CFR 351.206(c)(2)(ii), the Department issued preliminary critical circumstances findings in those investigations on January 17, 2014. On December 31, 2013, the Department requested that respondents report their shipment data for a three-year period ending in February 2014, the month of the preliminary AD determinations, requesting Quantity and Value (Q&V) data from April 2010 to February 2014.
